

Chapman University awards credit for Advanced Placement examinations. The minimum score required for each exam is listed below. Chapman accepts only official score reports received directly from College Board.

Special Note for Pre-Med Students: Not all medical schools accept Advanced Placement scores to satisfy admission requirements. For that reason, pre-med students are urged to meet with their advisor to select the appropriate course work. Those medical schools that do not accept high school Advanced Placement courses in biology, chemistry, physics, calculus, and English require that prerequisite coursework in these areas be taken at a college for a letter grade.
