Chapman University Pharmacy Freshman Early Assurance Program

The Pharmacy Freshman Early Assurance Program (FEAP) is a unique opportunity for academically exceptional incoming freshmen wishing to pursue a doctor of pharmacy degree. The five year Pharm.D. Degree Program is only available to incoming freshmen. Students admitted to the program complete the Chapman University School of Pharmacy (CUSP) pre-requisites over two years on the beautiful Orange Campus and receive conditional admittance to the CUSP Pharm.D. program. Pending pre-requisite completion and fulfillment of the Special Admission Requirements, students would then matriculate into the 3-year Doctor of Pharmacy Program at the Rinker Health Science Campus in Irvine.

Applicants applying by the Early Action deadline of November 1 will be given priority consideration. Applicants applying after November 1 will be reviewed on a space-available basis. Well-qualified applicants will be invited to a mandatory interview on December 5, 2015. Students interviewing on this day will be notified of their Early Action admission decision in January 2016.

Applicants who are unable to attend the December 5 interview date will be rolled to the Regular Decision applicant pool and be invited to interview at a later date.

Transfer students are not eligible for the Pharmacy FEAP program, please visit chapman.edu/pharmacy/admission.aspx for alternate pathways to enter the School of Pharmacy.
