

RANKINGS AND REPUTATION

The George L. Argyros School of Business and Economics develops business leaders who create value for their organizations by blending sound economic reasoning and a global perspective with the qualities of individual initiative, analytical skill, accountability, effective communication, and integrity. The Argyros School distinguishes itself by providing students and alumni with unmatched access to exceptional teachers and scholars, a network of top executives, and opportunities for practice-based business education in one of the nation's most dynamic business communities. We are proud that the Argyros School is nationally ranked and holds worldwide recognition and accreditation.
