## FACULTY MENTORSHIP

- Served as the official mentor of three faculty, **Dr. Hamid Montazeri, Dr. Sun Yang, and Dr. Simin Rahighi**. I have met with mentees in monthly, bimonthly meetings, or as needed to discuss projects, review grants as needed, and provide feedback and assistance. As a few examples of my success in mentoring faculty, Dr. Montazeri and Dr. Yang have received external funding from **PhRMA foundation, AJK Biopharmaceutical (Montazeri)**, and **NIH (Yang)** in collaborative or independent research.
- Worked and mentored other faculty members. For instance, **Dr. Miao Zhang** NIH's phase 2 funding was dependent on developing lead compounds with high potency. My laboratory was able to develop potent hit compounds for **his phase II NIH application**, which led to the funding. Furthermore, the developed compounds are currently under consideration for licensing agreement with Interlaken Co.
- Worked, collaborated, and/or mentored other faculty, Dr. Marco Bisoffi, Dr. Jerika Lam, Dr. Genady Verkhivker, Dr. Jason Yamaki, Dr. Khaled Elsaid, Dr. Surya Nauli, Dr. Innokentiy Maslennikov, Dr. Rakesh Tiwari, Dr. Aftab Ahmed, Dr. Reza Mehvar, and Dr. Jennifer Totonchy in several collaborative research projects of mutual interest and/or published in peer-reviewed journals. Most of the collaborations are focused on the projects independently designed by the above investigators.

## Advocating Faculty Research
