Federal Direct Subsidized/Unsubsidized & Graduate PLUS Loans

Your award letter indicates you are eligible for a loan from the William D. Ford Federal Direct Loan Program. Direct Loans are awarded as part of a larger "award package," which may contain other types of aid as well, to help you meet the costs of attending Chapman University.

The Direct Loan Program offers the following types of loans:

- **Subsidized:** for students with demonstrated financial need, as determined by federal regulations. No interest is charged while a student is in school at least half-time or during deferment periods.
- **Unsubsidized:** not based on financial need; interest is charged during all periods, even during the time a student is in-school and during grace and deferment periods.
- **Graduate PLUS:** unsubsidized loans for graduate/professional students. Direct PLUS Loans help pay for education expenses up to the cost of attendance minus all other financial assistance. Interest is charged during all periods. **Note: Direct PLUS Loan borrowers cannot have an adverse credit history (a credit check will be ran).**

Eligible federal student loans can be combined into one Direct Consolidation Loan.

Student borrowers are not required to begin making payments until after they withdraw from the university or drop below half-time.

Interest Rates & Origination Fees

Each year, the interest rates will be determined by the 10-year Treasury note rate as of the preceding June 1st plus an additional percentage. The rates will be locked for that following year. A loan disbursed within a particular year will carry that rate for the lifetime of the loan.

Additionally, every Direct Loan is subject to origination fees that are taken out at the time of disbursement. These typically change late fall so early action on loans will ensure favorable fees. Please see the Office of Financial Aid website for the most accurate rates and fees. <http://www.chapman.edu/students/tuition-and-aid/financial-aid/loans/federal.aspx>

Loan Limits

The maximum amount you can borrow each year in Direct Subsidized and Unsubsidized Loans depends on your amount of completed units and whether you are a dependent student or an independent student. The following table shows the maximum amount of money you may borrow each academic year in Direct Subsidized and Unsubsidized Loans:

	Dependent student ¹	Independent student ²
0-29 undergraduate units	\$5,500 (up to \$3,500 subsidized)	\$9,500 (up to \$3,500 subsidized)
30-59 undergraduate units	\$6,500 (up to \$4,500 subsidized)	\$10,500 (up to \$4,500 subsidized)
60+ undergraduate units	\$7,500 (up to \$5,500 subsidized)	\$12,500 (up to \$5,500 subsidized)
Graduate/professional	N/A	\$20,500 unsubsidized

¹Except those whose parents are unable to borrow a Direct PLUS Loan.

²These limits also apply to dependent students whose parents are unable to borrow a Direct PLUS Loan.

2014-2015 Federal Direct Loans for Students

The actual loan amount you are eligible to receive for an academic year is determined by Chapman University and may be less than the maximum annual amounts shown in the loan limit chart.

Below are the aggregate (total) limits for Subsidized and Unsubsidized Loans (this includes both FFELP & Direct):

- \$31,000 for dependent undergraduate students excluding those whose parents are unable to borrow a Direct PLUS Loan (no more than \$23,000 may be subsidized)
- \$57,500 for independent undergraduate students and dependent undergraduates whose parents are unable to borrow a Direct PLUS Loan (no more than \$23,000 may be subsidized)
- \$138,500 for graduate or professional students (no more than \$65,500 may be subsidized; includes loans for undergraduate study)

Accepting a Loan

You should evaluate the aid offer carefully. In the case of loans, keep in mind that whatever amount you borrow must be paid back with interest. You have the right to decline the loan or to request a lower loan amount. You may accept or refuse you loans and other awards online via WebAdvisor.

Entrance Counseling

If you haven't previously received a Direct Loan, you must complete entrance counseling before Chapman University can post the first disbursement of your loan. This helps you to understand your responsibilities regarding your loan. Chapman University requires you complete this counseling online.

Master Promissory Note

To take out a Direct Loan for the first time, you must complete a Master Promissory Note (MPN). The MPN will be provided by the U.S. Department of Education. You can complete the MPN online. The MPN is a legal document in which you promise to repay your loan(s) and any accrued interest and fees to the U.S. Department of Education. It also explains the terms and conditions of your loan(s). To complete an MPN online, you will be required to use your U.S. Department of Education-issued PIN.

In most cases, once you've submitted the MPN and it has been accepted, you won't have to fill out a new MPN for future loans you receive. Chapman University allows more than one loan to be made under the same MPN. Therefore, you can borrow additional Direct Loans on a single MPN for up to 10 years. If you are applying for a Direct PLUS Loan for the first time as a graduate/professional student, you'll need to complete and sign a Direct PLUS MPN that is separate from the one that you use for your Direct Unsubsidized Loan.

You'll receive a disclosure statement that gives you specific information about any loan that Chapman University plans to disburse under your MPN, including the loan amount, fees, and the expected disbursement dates and amounts.
