Note: Lists of courses in each GE category are provided to give students information on what courses may be available. However, the most up-to-date and official information about whether or not a course is approved for a GE category is in the course description provided in Campus Solutions through the student portal.

Students choose a course and/or complete three credits in the Community category, of the Citizenship, Community and Service Inquiry, that addresses that category’s learning outcomes.

Community Learning Outcome:

- Student demonstrates through analysis and/or personal engagement an understanding of the emergence, development, changes and challenges to and, in some cases, destruction of diverse social groups who are marginalized within the context of larger societal environments.
- Student demonstrates through written, oral, media or other communication process a critical perspective on issues of civil rights, self-representation, participatory politics, and/or similar issues of inclusiveness.

Courses focused on Community:
