Campus Life
It’s not unusual for Panthers to be balancing rigorous academic courses with clubs, internships, Greek life, athletics, on-campus events, and all that Southern California has to offer.

- There are over 175 student organizations currently active at Chapman, spanning across academic, cultural, political, athletic, Greek, leisure, recreational, spiritual, service-oriented, and everything in-between. A full list can be found at chapman.orgsync.com.

- Some 33 percent of our student body participates in Chapman’s Greek system. Activities are often held on campus, so non-members can still check out the action.

- The Student Union is not only a great place to hang out with friends or study, but there are a variety of events hosted there as well.

- Discounted tickets are available to Chapman students for nearby movie theaters, Universal Studios, Aquarium of the Pacific and other local attractions!

- The University Program Board (UPB) provides students with weekly free and discounted events both on and off-campus. The Chapman Veterans Club holds monthly meetings and has an active role in several community organizations.

- Chapman veterans and their family members are represented in the Chapman Diversity Project by the Advisory Group on the Status of Military Affiliates. The Advisory board advocates on the behalf of veterans, and their family members, on a variety of issues unique to students using VA benefits.
