

## Bachelor of Arts in Economics

The Bachelor of Arts in Economics produces students who have a thorough understanding of the tools of microeconomic and macroeconomic analysis and the ability to apply these tools appropriately to real world situations. Students learn to communicate in a clear and rigorous style. They will gain a thorough understanding of the operations of the institutions of the American economy and knowledge of how institutions in other economies function. Recent economics majors have interned in the U.S. Supreme Court, Heritage Foundation, Council of Economic Advisors and the U.S. Commerce Department. Students have the opportunity to work in the A. Gary Anderson Center for Economic Research and to apply for financial support to attend seminars on environmental economics in Montana. The B.A. in Economics is designed to permit students the flexibility to earn another major or to take additional coursework in business. Most economics majors find careers in business or pursue graduate degrees.

Students pursuing the B.A. in Economics are required to:

- Attain at least a 2.500 grade point average in [MATH 110\\*](#), [ECON 200](#) and [201](#) before enrolling in upper-division courses.
- Maintain at least a 2.000 grade point average in the major.
- Receive at least a "C-" grade in each of the ten required courses in the economics core.
- At least three elective courses (nine credits) must be taken from those electives listed as ECON courses.
- Complete all courses in the major for a letter grade.
- Complete a minimum of 21 credit hours of the requirements at Chapman University.
- Complete 21 credits from upper division courses in the major.

core requirements (28 credits)

<a href="#">MATH 110*</a>	Single Variable Calculus I	3
<a href="#">ECON 200</a>	Principles of Microeconomics	3
<a href="#">ECON 201</a>	Principles of Macroeconomics	3
<a href="#">MGSC 207</a>	Introduction to Business Analytics	3
<a href="#">MGSC 209**</a>	Introductory Business Statistics	3
<a href="#">BUS 216</a>	Business Ethics	1
<a href="#">ECON 350</a>	Intermediate Microeconomic Theory	3
<a href="#">ECON 351</a>	Intermediate Macroeconomic Theory	3
<a href="#">ECON 452</a>	Econometrics	3

one of the following

<a href="#">ECON 357</a>	Topics in Humanomics	3
<a href="#">ECON 374</a>	European Economic History	3

electives (15 credits) (minimum of 9 upper-division credits)

<a href="#">ACTG 210</a>	Introduction to Financial Accounting	3
<a href="#">MATH 210</a>	Multivariable Calculus	3
<a href="#">CPSC 236</a>	Visual Programming	3
<a href="#">FIN 307</a>	The Financial System	3
<a href="#">ECON 315</a>	Economics of Religion	3
<a href="#">ECON 329</a>	Experimental Course	3
<a href="#">ECON 357***</a>	Topics in Humanomics	3
<a href="#">MATH 361</a>	Mathematical Statistics	3
<a href="#">ECON 371</a>	U.S. Business and Entrepreneurial History	3
<a href="#">ECON 373</a>	U.S. Economic History	3
<a href="#">ECON 374***</a>	European Economic History	3
<a href="#">FIN 410</a>	International Financial Management	3
<a href="#">ECON 411</a>	International Economics	3
<a href="#">ECON 421</a>	Behavioral Economics and Finance	3
<a href="#">ECON 425</a>	Economics of Non-Market Behavior	3
<a href="#">ECON 441</a>	Economic Development	3
<a href="#">ECON 448</a>	Managerial Economics	3
<a href="#">ECON 449</a>	Industrial Organization	3
<a href="#">ECON 461</a>	Introduction to Mathematical Economics	3
<a href="#">ECON 463</a>	Behavioral Game Theory	3
<a href="#">ECON 464</a>	Game Theory I	3
<a href="#">ECON 465</a>	Environmental and Natural Resources Economics	3
<a href="#">ECON 471</a>	Experimental Economics I	3
<a href="#">ECON 481</a>	Economic Systems Design I: Principles and Experiments	3
<a href="#">ECON 496</a>	Special Topics in Economics	3
total credits		43

\*students may substitute [MATH 109](#) for [MATH 110](#). However, students planning to pursue graduate studies in economics are strongly advised to take [MATH 110](#) and additional mathematics courses under the guidance of their advisor.

\*\*may substitute [MATH 203](#) for [MGSC 209](#).

\*\*\*may not count as an upper-division economics elective if used to satisfy core requirements.
