## ***Vision Statement***

Chapman University will be a student-centered institution, recognized nationally and internationally as a center of academic and personal excellence that prepares our students to contribute to global society.

## ***Mission***

The mission of Chapman University is to provide personalized education of distinction that leads to inquiring, ethical, and productive lives as global citizens.

## ***History***

Chapman University traces its roots back more than a century and a half to Hesperian College, which opened on the same day that Abraham Lincoln was inaugurated as the sixteenth U.S. president in 1861. Hesperian and several other institutions later merged with California Christian College in Los Angeles. In 1934 the institution was renamed in recognition of its most generous benefactor, C.C. Chapman, successful real estate investor, church leader, politician, and citrus grower. Chapman College moved to the city of Orange in 1954. In September of 1991 the college became Chapman University, further strengthening its commitment to international education and an innovative undergraduate curriculum and graduate programs.

## ***Central Commitments***

The mission of Chapman University finds expression through the following central commitments:

- Create stimulating learning environments for a diverse population.
- Recruit and retain an outstanding faculty that cherishes teaching, research, and creative activity as primary professional commitments and that strives to build a creative intellectual community in which the inquiring life is exemplified by a shared commitment among students and faculty to the pursuit of knowledge.
- Offer curricula that integrate liberal arts and professional learning in order to foster independent and critical thinking, effective communication, and an international perspective.
- Create learning, living, and working environments that foster diversity, multiple perspectives, and the free exchange of ideas.
- Affirm our openness to diverse religious, spiritual, political, and ethical traditions.
- Encourage the linkage between a life of learning and service and vital interaction of the University with our wider communities.
- Devote resources in a fiscally responsible manner to support outstanding teaching, scholarship, and learning and develop facilities that enhance the living and learning environments.
