Chapman University 2019
California Annual Safety Report

A Message from Chief Randy A. Burba:

California Education Code section 67380 requires the compilation of statistics for crimes that are committed on campus that involve violence, hate violence, theft, destruction of property, illegal drugs, or alcohol intoxication as well as incidents of non-criminal hate violence. The data in this report includes crime statistics that are published in the 2019 Annual Security Report as well as additional categories of crimes. The Annual Security report is produced in compliance with The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, a federal law that requires higher education institutions to maintain and disclose campus crime statistics and security information.

Availability, location and methods for summoning assistance of security personnel

Availability and location:

The Department of Public Safety protects and serves the Chapman campus community. It maintains a headquarters and one substation. Both locations operate 24 hours a day, seven days a week, and 365 days a year.

The headquarters of the Department of Public Safety is located on the Orange Campus at 418 North Glassell, Orange CA 92866. In the event of an emergency call DPS at 911 from a campus phone or (714) 997-6763 from your cell phone.

The Rinker Health Sciences Campus also maintains a Department of Public Safety substation which is located at 9401 Jeronimo, Irvine, CA. In the event of an emergency call 911 from a campus phone or (714) 997-6763 from your cellphone.

The Department of Public Safety is staffed by unarmed Public Safety Officers (PSOs) who must pass an extensive screening process and background check before they are hired. They must then successfully complete the Department of Public Safety's field training program before they are allowed to work alone.

The department's 24-hour communications center coordinates and supports the activities of field personnel, and facilitates communication regarding department activities among the community.

Methods for Summoning Assistance:

1. Call or visit the locations at:

Orange Campus Department of Public Safety
418 N. Glassell St.
Orange, CA 92866
Call DPS at (714) 997-6763

Rinker Campus Department of Public Safety
9401 Jeronimo
Irvine, CA 92618
Call DPS at (714) 997-6763

2. Download the Rave Guardian Mobile App

The Department of Public Safety recommends all members of the campus community, and their family and friends, download the free Rave Guardian mobile app because it allows users to initiate contact with DPS for emergencies and/or to report suspicious behaviors or activity. With the push of a button, you can instantly contact DPS or 911 in an emergency and you will receive an immediate text response within the application. When you send an emergency message or call the emergency number, your location will automatically pop up on a map in the DPS Communications Center. The virtual escort function of the app allows you to alert your friends that you are on the way to a destination, so they can monitor your progress and help keep you safe. Instructions and a video on how to download the Rave Guardian App can be found here
     https://www.chapman.edu/campus-services/public-safety/programs/panther-guardian.aspx

3. Find a Blue Light Emergency Phone

Blue light emergency phones are located throughout the Orange and Rinker campuses. The phones are connected to the Department of Public Safety's 24-hour communications center and identify the location of a phone used to place a call should the caller be unable to talk. The phones can be used to request an escort and to report suspicious activity and or crimes.

4. Call the Orange Police Department (OPD) on the Orange Campus; Irvine Police Department on the Rinker Campus; or Anaheim Police Department if living in Chapman Grand

- You can contact the OPD by calling 911 in an emergency, or (714) 744-7444) for non-emergencies.
- You can contact the Irvine Police Department by calling 911 in an emergency, or (949) 724-7000 for non-emergencies,
- You can contact the Anaheim Police Department by calling 911 in an emergency, or (714) 765-1900 for non-emergencies

5. For Security Considerations in Facilities Maintenance

Facilities Management Services (FMS) regularly monitors all campus facilities for necessary safety and security-related repairs, and partners closely with the Department of Public Safety to assist in creating a safer campus community. To request service for an electrical, plumbing, or other maintenance-related problem, call the FMS Customer Resource Center line at (714) 997- 6658.

6. Security Technology

As part of the Department of Public Safety's efforts to leverage technology and suppress criminal activity, DPS utilizes multiple surveillance cameras in and around the campuses as well as License Plate Recognition cameras in parking areas.

Established Safeguards

Each of the six above mentioned Methods for Summoning Assistance have been established by Chapman's Department of Public Safety to protect and inform the campus community. In addition to the those outlined above, Chapman provides the following safeguards and information:

7. Informing the Campus Community of Crimes and Threats

Panther Alert: If you are a student or employee of Chapman, it is essential to familiarize yourself with Chapman's emergency notification system PantherAlert. The Department of Public Safety will communicate with you through PatherAlert in the event of an emergency or a dangerous situation and will provide updates and other information allowing you to make informed decisions about your personal safety. For information on how to sign up for PantherAlert you can visit https://www.chapman.edu/campus-services/public-safety/programs/panther-alert.aspx

Crime Alerts: The Department of Public Safety issues Crime Alerts via e-mail, in on- campus flyers and postings and any other relevant method to notify students, faculty, and staff of crimes against persons or property involving suspects who are still at large. Crime Alerts are different from Panther Alerts in that they provide information on crimes that have occurred on- campus, in on-campus student housing, on public property, on non-campus properties and or in the university's patrol and response area.

Chapman Web: In the event of a major emergency, updates and information about the status of the university will be posted online at https://www.chapman.edu/emergency/index.aspx in addition to updates via PantherAlert.

Chapman Notifications: Chapman's Public Relations publishes bulletins on the university home page to provide news about emergency or safety-related situations (e.g., fires, hit-and-run accidents, hoaxes) that may or may not present an immediate danger to the university community.

Daily Crime and Fire Log: The Department of Public Safety publishes its Daily Crime and Fire Log on line. The log contains the information entered by DPS dispatchers into the DPS dispatch system following receipt of a call to DPS for service, and includes: the date the call was received, the date and time of any incident reported, the location of the incident reported, the resulting action(s) by DPS officers or OPD officers, a brief description of the incident or fire reported, and the disposition of the report to the extent it can be ascertained.

8. Safety Programs and Efforts

Safe Ride will take students to their campus destination. Students can request a ride by calling (714) 997-6780. During hours when Safe Ride is not operating Public Safety dispatch is available 24/7 to assist (714) 997-6763. For more information on ride share zones visit: https://www.chapman.edu/campus-services/public-safety/programs/operation-saferide.aspx

Safety Tips for using Uber or Lyft

- TRAVEL IN PAIRS: Travel with a friend – the "safety in numbers" concept really works, especially if your judgment is impaired.

- VERIFY YOUR DRIVER AND CAR: Once you have requested a Lyft ride, you can view the driver's rating. When your ride arrives, make sure the driver's photo, license plate number, and vehicle description match. Never take a ride you did not request or get into a car that doesn't match the details provided by the Lyft app.

- GO THE EXTRA MILE: The Lyft app's "share your ETA" function allows you to invite friends to see your trip in real-time. The app will draft a text message you can share with friends that includes your ETA and a link to a live map that allows them to track your trip. Too much effort? Call a friend and stay on the line while you're in the car instead.

Rape Aggression Defense Classes (RAD)

RAD is a unique crime prevention program available for women and men which focuses on safety and self-defense techniques. For more information visit:
https://www.chapman.edu/campus-services/public-safety/rape-agression-defense.aspx

What to Do in the Event of an Active Shooter?

We promote the "Run, Hide or Fight." Response. Resources can be found here https://www.chapman.edu/emergency/resources/index.aspx The training is tailored for students, faculty and staff and we offer the training in person upon request.

Residential Access

University-owned residence halls and apartment complexes use an electronic card-key-access system that limits entry to residents and other users permitted by the university. Department of Public Safety personnel are granted access to residential facilities when they are called for service-related reasons. Entrances to residential housing and fire exit doors are equipped with alarms that report to dispatch if a door is propped open for more than a few minutes. Department of Public Safety personnel respond to such alarms to determine the cause of activation and to take action, where appropriate, to protect the well-being and safety of Chapman's campus community.

9. **Safety implementations made in last 18 months**

    - Use of Social Media for Crime Prevention & Safety Messaging

    - Increased library presence through the use of students as library liaison

    - Utilized Student safe walk persons to escort students from campus to new dorm

    - Increased deployment resources to off campus housing facility

    - Conducted lighting survey and installed additional blue light emergency phones

10. **Safety implementations expected to be made in next 24 months**

    - Increased Department of Public Safety's technological capabilities; pilot Critical Arc dispatch system

    - Enhance our current capabilities to consistently collect input from students regarding crime/quality of life issues impacting their safety

    - Add additional cameras

    - Create targeted emergency messaging groups by location

Crime Statistics
January 1, 2019 – December 31, 2019

Crime Category	Orange Campus	Rinker Campus	Arrests
Homicide	0	0	
[1]Sex Offenses	3	0	
Robbery	0	0	
Burglary	25	0	3
Motor Vehicle Theft	7	0	
Aggravated Assault	1	0	
Battery	11	0	3
Arson	0	0	
Weapons Possession	5	0	4
Dating Violence	3	0	
Stalking	4	0	
Domestic Violence	0	0	
Hate Crimes	0	0	
Drug Law Violations	51	0	20
Liquor Law Violations	4	0	
Theft	79	1	6
Vandalism/Destruction of Public Property	50	0	2

[1] CA Ed Code 67380 requires certain specified university officials to report violent crimes and hate crimes to law enforcement. Victims may choose to remain anonymous and are not required to provide a statement to law enforcement. By law, if a victim chooses to remain anonymous, the identity of the alleged perpetrator (if known) is not provided to law enforcement by the university official making the report. The majority of the victims in the reported cases of sexual assault chose to remain anonymous and/or did not want to speak with law enforcement. Further, limited information about the crimes was provided to law enforcement. Without an identified victim and sufficient information upon which to conduct an investigation, it is not possible for law enforcement to proceed with an investigation that could result in arrest.

For further information regarding Chapman's compliance with the Clery Act please visit the DPS website at www.chapman.edu/publicsafety

For more detailed information about programs, services, processes, and reporting, please view Chapman's Annual Security & Fire Safety Report at the link below.
