

Course Subject	Course Level	Lab	Acceptable Courses	Course Description	
Anatomy Coursework older than 5 years not accepted.	General or College	Req.	Human Anatomy COMBINED Course (eg, A&P) SEPARATE courses	Mammalian anatomy is NOT acceptable. If a combined anatomy/physiology course is taken, two semesters or three quarters are required.	
Biology I Coursework older than 10 years not accepted.	General or College	Req.	Advanced Cell General General I General II Genetics	Histology Immunology Microbiology Molecular Zoology	Any biology course with lab. Botany & Ecology are NOT acceptable. Sequential courses not required.
Biology II Coursework older than 10 years not accepted.	General or College	Req.	Advanced Cell General General I General II Genetics	Histology Immunology Microbiology Molecular Zoology	Any biology course with lab. Botany & Ecology are NOT acceptable. Sequential courses not required.
Chemistry I Coursework older than 10 years not accepted.	General or College	Req.	Inorganic Organic		One-year sequence of General Chemistry with labs. Introductory course is not acceptable.
Chemistry II Coursework older than 10 years not accepted.	General or College	Req.	Inorganic Organic		One-year sequence of General Chemistry with labs. Introductory course is not acceptable.
Physics I Coursework older than 10 years not accepted.	General or College	Req.	General		One-year sequence of General Physics with labs (calculus or algebra based). Introductory course is not acceptable.
Physics II Coursework older than 10 years not accepted.	General or College	Req.	General		One-year sequence of General Physics with labs (calculus or algebra based). Introductory course is not acceptable.
Physiology Coursework older than 5 years not accepted.	General or College	Req.	Human Physiology COMBINED Course (eg, A&P) SEPARATE courses		Human Physiology with lab. If a combined anatomy/physiology course is taken, two semesters or three quarters are required. Exercise physiology is not acceptable.
Social/ Behavioral Science Coursework older than 10 years not accepted.	Intro	Not Req.	Psychology: Abnormal Adolescent Advanced Any: Child Death & Dying Developmental General General I General II Growth & Development Human Behavior Life Span Development Psychopathology Social Sports	Social/ Behavioral Science: Anthropology Any Community Health Cultural Geography Human Sexuality Marriage/Family Personal Health Social Science Sociology Women's Studies	One Social / Behavioral Science course required.
Statistics Coursework older than 10 years not accepted.	Intro	Not Req.	Biology: Biostatistics Business: Statistics Mathematics: Statistics Psychology: Statistics		One statistics course Kinesiology Statistics is not acceptable.

- All science prerequisite courses must be designed for science majors. Introductory level science courses are not accepted.
- All other prerequisite courses must be completed within 10 years of matriculation.
- Prerequisite courses may be repeated only once.
- No prerequisite grade below "C" is considered.
- Pass/Credit grades for prerequisite courses will be converted to a "C" if letter grading options are not available.
- Courses which received advanced placement credit (AP or CLEP) may fulfill prerequisite requirements. The credit hours and grade points will not be computed in the PGPA calculation.
- No more than two science prerequisite courses and one human behavior or statistics prerequisite course (a total of three prerequisite courses) may be remaining after the semester in which the application is submitted.
- All remaining prerequisite course work must be completed before the student matriculates.
