

Student/Graduate Achievement Disclosure

To comply with requirements set by the Commission on Accreditation for Marriage and Family Therapy Education (COAMFTE), Chapman University's Marriage and Family Therapy program provides a yearly report to the commission showing relevant program information including Student/Graduate Achievement Criteria (SAC) data. The SAC table below contains data for the past 10 academic years, or 10 cohorts. Job placement and exam pass rate data is collected on an annual basis through the Annual MFT Alumni Survey distributed each January. These percentages are based on the number of graduates who reported the requested information to the program. Response rates vary per cohort.
