Q: How can I make this content more interactive?
A: We love borrowing our material and adding your personality to it! Feel free to create Kahoots, Jamboards, or any other material you could imagine!

Q: What grade levels does your material cover?
A: Our materials are geared towards grades 6–12! However, each school and grade level has their own unique needs. We encourage you to use our materials as a starting point and add any information specific to your site’s needs. School staff running the training are encouraged to take this template and add in pictures of the person filling that role at their specific school to add more personalization.

FAQ
We built this toolkit with educators in mind. We understand that you’re busy and that ready-made yet customizable resources are invaluable. We all have the capacity to become even more effective change agents. In a post-COVID-19 world students require more from us. We hope these resources will be able to prepare you, your colleagues, and overall school community to confidently support the mental health needs of your students. Thanks for stopping by!

Sincerely,

Chance Campbell, Sydney Ferreira, Julyssa Juarez, Jaime Kirchner, Paige Reinstein, Donald Sherwood, Kanani Sole, Valerie Villasenor

Chapman University, 2021
This Mental Health in Schools Toolkit was produced by Chapman University M.A. in School Counseling and Ed.S. in School Psychology graduate students for use in schools and by the community. It is not for commercial sale, in part or in whole.
