Total Credits = 23

Our Purpose

To prepare students to lead a life of service dedicated to creating a better – a more just and more caring – world.

Our Mission

To complement and reinforce Chapman University's mission by enhancing the transformative and servant leadership capacity of any Chapman student in any discipline or field.

* Graduate level (MLD 500-600) courses are open principally to students accepted into the Accelerated Five-Year Undergraduate/Master of Arts in Leadership Development and may require instructor's consent.

**Attallah College of
Educational Studies**

The Leadership Studies Minor (LEAD) at Chapman is a university-wide, interdisciplinary program that provides education for and about leadership, stressing hands-on skill development in a values-based approach. Students minoring in Leadership take advantage of an award-winning curriculum that blends classroom learning and theory with experiential exercises and active learning taught by superbly qualified, dedicated, and caring educators. Our classes incorporate self-assessments, small- and large-group discussion, weekend retreats, simulations, case studies, civic engagement, and community service. Recent surveys show that the two most sought-after skills by employers are Teamwork and Leadership. Make YOUR major stand out! LEAD. NOW. The LEAD Minor (even in its abridged form, the GE-LEAD Cluster) is a natural and powerful complement to any major and is perfect for students motivated by the desire to learn ... to lead ... to serve.

HOW TO APPLY

Students should apply no later than the Fall of their Junior year and be in good academic standing. The application must be accompanied by a recommendation from a university mentor (e.g., faculty member, academic advisor, coach, or campus administrator). Applications and recommendation forms are available from the Attallah College of Educational Studies' LEAD website:

Chapman.edu/education/undergraduate/leadership.aspx

Applications are accepted in three cycles during the year:

FALL – Applications due October 1

SPRING – Applications due March 1

SUMMER – Applications due May 1
