# LEAD STUDENT TESTIMONIALS

ANOUD ALOMAIR (P.R./Advertising, '17)  
& CAILYN HEFFERNAN (Psychology, '17)

“The Leadership Studies Program totally changed our Chapman experience and opened so many doors. You get to meet incredible people in the program, not just students, but faculty and guests. LEAD actually helps you make a difference; you can see the impact right in front of you.”

DAYLEN DEGELSMITH (Psychology, '16)

“Everybody has a friend in LEAD. The people want to be there. There’s so much passion in this program, on both sides: The students and the faculty. That’s how LEAD is. Everything has an immediate application, for how you can make a better today and a better tomorrow.”

TONY VALLEJO (Psychology, '17)

“Leadership is about enhancing how we can act – and react! – In situations. The classes, the material, the content all reinforce a sense of competence, confidence, and congeniality. The courses are about learning, not memorization. What you learn in LEAD sticks with you. There is an all-encompassing, clear message of a better understanding of yourself and others. You take something significant out of every class.”

GLEND A VARGAS (Integrated Educational Studies, '17)

“I chose LEAD because I want to make a difference in the world. I’m also an R.A. here at Chapman and many things that I need to know as an R.A., have been reinforced in the Leadership Minor (e.g., understanding others, communicating effectively, resolving conflicts etc.) For example, in the Service-in-Action Practicum, I have learned about myself and become more aware of who I am and what my skills are. This makes me more comfortable in who I am and makes me want to contribute more to whatever team or organization I am a part of.”
