Total Out-of-Pocket Maximum	
Individual Member Total Out-of-Pocket Maximum	\$2,000 per Contract year
Membership Unit Total Out-of-Pocket Maximum	\$4,000 per Contract year

Supplemental Rider

This Supplemental Rider is part of the Cigna Healthcare of California, Inc. Group Service Agreement ("the Agreement") and subject to all of the terms, conditions and limitations contained therein. In consideration for an additional monthly fee incorporated into the Prepayment Fee, the following supplemental prescription drug benefit is added to the Agreement.

Prescription Drugs

I. Definitions

Copayment means the amount shown in the Prescription Drug Schedule of Copayments that you pay for certain Covered Services and Supplies. The Copayment may be a fixed dollar amount or a percentage of the amount Cigna charges the Group with respect to the Covered Service or Supply.

Designated 90 Day Retail Pharmacy – A retail Participating Pharmacy that has entered into an agreement with Healthplan, or with an entity contracting on Healthplan's behalf, to provide Members with an extended days' supply of Prescription Drugs or Related Supplies. The fact that a retail pharmacy is a Participating Pharmacy does not mean that it is a Designated Pharmacy.

Prescription Drug List means a listing of approved Prescription Drugs and Related Supplies. The Prescription Drugs and Related Supplies included in the Prescription Drug List have been approved in accordance with parameters established by the P&T Committee. New drugs are approved for the Prescription Drug List when there is proof of clinical efficacy. To be considered for inclusion in the Prescription Drug List, Prescription Drugs and Related Supplies must be reviewed by the P&T Committee. The P&T Committee meets at least quarterly. New Prescription Drugs and Related Supplies are frequently added to the Prescription Drug List, while others on the list may be deleted. The Prescription Drug List will be updated each time a change occurs.

The presence of a Prescription Drug and Related Supplies on the Prescription Drug List does not guarantee that the Member will be prescribed that Prescription Drug and Related Supplies by his/her Participating Physician for a particular medical condition.

You may contact Member Services at the toll-free number found on your Cigna HealthCare ID card to request a copy of the Prescription Drug List or to request information regarding whether a specific drug or drugs are on the Prescription Drug

List. You can also access the Prescription Drug List through the Internet at www.cigna.com.

Coverage for certain Prescription Drugs and Related Supplies require your Participating Physician to obtain prior authorization prior to prescribing. Prior authorization may include, for example, a step therapy determination. Step therapy determines the specific usage progression of therapeutically equivalent drug products or supplies appropriate for treatment of a specific condition. The Healthplan shall also maintain an expeditious process by which Participating Physicians may obtain authorization for Medically Necessary non-Prescription Drug List Drug and Related Supplies. If the Member's Participating Physician reasonably believes that there is a Medically Necessary reason to prescribe a non-Prescription Drug List Drug and/or Related Supplies, or wishes to request coverage for a Prescription Drug and/or Related Supplies for which prior authorization is required, the Participating Physician should contact the Healthplan or complete the appropriate prior authorization form and fax it to the Healthplan to request coverage before the Prescription Drug and/or Related Supplies are written so that the Healthplan can evaluate the request and work with the Participating Physician and Participating Pharmacy. If the request is approved, the doctor will receive a fax confirmation. The length of the authorization will depend on the diagnosis and the Prescription Drug and/or Related Supplies. If the request is denied, your Participating Physician and you will be notified that coverage for the Prescription Drug and/or Related Supplies is not authorized.

If the Member is advised at the Participating Pharmacy that the prescription is for a non-Prescription Drug List Drug and/or Related Supplies and the Participating Provider has not contacted the Healthplan for authorization, the Participating Pharmacy will dispense the Prescription Drug and/or Related Supplies at the full retail cost of the non-Prescription Drug List drug. The Member may request that the Participating Pharmacy contact the Member's Participating Physician to request a change to a Prescription Drug List medication or submit a request to the Healthplan for coverage of the non-Prescription Drug List Drug and/or Related Supplies as Medically Necessary. If the Member's Participating Physician is not available or the Participating Pharmacy is not able to reach the Healthplan, all Participating Pharmacies have been instructed to dispense at least a three (3) day supply, but not more than a thirty (30) day supply at the applicable Copayment. If, after being contacted, the Member's Participating Physician reasonably believes a change to a Prescription Drug List Drug and/or Related Supplies is

appropriate, the Healthplan will notify both the Member and the Participating Pharmacy. If, after consultation with the Member's Participating Physician, the non- Prescription Drug List Drug and/or Related Supplies is approved as Medically Necessary, the Member will continue to receive the non- Prescription Drug List Drug and/ or Related Supplies at the applicable Copayment.

If the request for approval involves a Medically Necessary new non- Prescription Drug List Drug and/or Related Supplies or a refill non- Prescription Drug List Drug and/or Related Supplies where the Member has no more of the Prescription Drug and/or Related Supplies, the Healthplan will make a decision and communicate it to all parties by telephone on the same day as receipt of the request from the Member's Participating Physician but in any event not more than twenty-four (24) hours from the time of receipt. Requests for refills where the Member has more of the drug remaining will be made and communicated in writing to all parties within forty-eight (48) hours from the time of receipt of the request from the Member's Participating Physician. The length of the authorization will depend on the diagnosis and Prescription Drug and/or Related Supplies.

If the request is denied, your Participating Physician and you will be notified that coverage for the Prescription Drug and/or Related Supplies is not authorized.

If you disagree with a coverage decision, you may appeal that decision in accordance with the provisions of the Agreement, by submitting a written request stating why the Prescription Drug and/or Related Supplies should be covered.

If you have questions about a specific Prescription Drug List exception or prior authorization request, you should call Member Services at the toll-free number on the Cigna HealthCare ID card. Healthplan shall not limit or exclude coverage for a Prescription Drug and/or Related Supplies for a Member if the drug had previously been approved for coverage by the Healthplan for a medical condition of the Member and the Member's Participating Physician continues to prescribe the drug for the medical condition, provided that the drug is appropriately prescribed, and is considered safe and effective for treating the Member's medical condition. Nothing shall preclude the Participating Physician from prescribing another drug, including a "generic" drug covered by Healthplan that is medically appropriate for the Member. This section does not apply to coverage for any drug that is prescribed for a use that is different from the use for which that drug has been approved for marketing by the federal Food and Drug Administration (FDA).

All newly approved Federal Drug Administration (FDA) drugs are designated as either non-preferred or non-Prescription Drug List Drugs until the P&T Committee evaluates the Prescription Drug clinically for a different designation.

Prescription Drugs that represent an advance over available therapy according to the FDA will be reviewed by the P&T Committee within six (6) months after FDA approval.

Prescription Drugs that appear to have therapeutic qualities similar to those of an already marketed drug according to the FDA, will not be reviewed by the P&T Committee for at least six (6) months after FDA approval. In the case of compelling clinical data, an ad hoc group will be formed to make an interim decision on the merits of a Prescription Drug.

Individual Out-of-Pocket Maximum is the amount of Copayments you must pay out of your own pocket each Contract Year for covered Prescription Drugs and Related Supplies. When the Copayments you have paid for Prescription Drugs and Related Supplies, in a Contract Year equals the Individual Out-of-Pocket Maximum, you will not be required to pay any more Copayments for Prescription Drugs and Related Supplies for the remainder of that Contract Year.

When 2 Members in your membership unit have met their Individual Out-of-Pocket Maximum, and together meet the Membership Unit Out-of-Pocket Maximum, all Members in the Membership Unit will be considered to have met their Individual Out-of-Pocket Maximums for that Contract Year. The Individual and Membership Unit Out-of-Pocket Maximum amounts are shown in the Prescription Drug Schedule of Copayments.

Life-threatening means (i) disease or conditions where the likelihood of death is high unless the course of the disease is interrupted, and/or (ii) disease or conditions with potentially fatal outcomes, where the end point of clinical intervention is survival.

Participating Pharmacy means 1) a retail pharmacy which has contracted with the Healthplan to provide prescription services to Members; or 2) a mail order pharmacy which has contracted with the Healthplan to provide mail order prescription services to Members.

Prescription Drug means (i) a drug which has been approved by the Food and Drug Administration safety and efficacy; (ii) certain drugs approved under the Drug Efficacy Study Implementation review; (iii) drugs marketed prior to 1938 and not subject to review, and which can, under federal or state law, be dispensed only pursuant to a prescription order.

Prescription Order means the lawful authorization for a Prescription Drug or Related Supply by a Participating Physician who is duly licensed to make such authorization within the course of such Participation Physician's professional practice or each authorized refill thereof.

Pharmacy & Therapeutics (P&T) Committee. A committee of Cigna HealthCare Participating Providers, Medical Directors and Pharmacy Directors which regularly reviews Prescription Drugs and Related Supplies for safety and efficacy. The P&T Committee evaluates Prescription Drugs and Related Supplies for potential addition to or deletion from the Prescription Drug List and may also set dosage and/or dispensing limits on Prescription Drugs and Related Supplies, including prior authorization requirements.

Related Supplies means diabetic supplies (insulin needles and syringes, lancets, lancet puncture devices, ketone urine testing strips, blood glucose test strips and pen delivery systems for the administration of insulin), needles and syringes for injectables covered under this Prescription Drug benefit, nebulizers (including face masks and tubing), peak flow meters and inhaler spacers for the management and treatment of pediatric asthma and other conditions.

II. Services and Benefits

When ordered by a Participating Physician, a Member shall be entitled to purchase Medically Necessary Prescription Drugs and Related Supplies from Participating Pharmacies as designated by the Healthplan. Prescription Drugs and Related Supplies include coverage for the following:

Contraceptives - a variety of federal Food and Drug Administration approved prescription contraceptive methods.

Diabetic Supplies - insulin needles and syringes, lancets, lancet puncture devices, ketone urine testing strips, blood glucose test strips and pen delivery systems for the administration of insulin.

Needles and Syringes - for injectables covered under this Prescription Drug benefit.

Pediatric Asthma Supplies - nebulizers (including face masks and tubing), peak flow meters and inhaler spacers for the management and treatment of pediatric asthma.

Healthplan will also cover Medically Necessary Prescription Drugs and Related Supplies dispensed by a Participating Pharmacy, with a prescription issued to a Member by a licensed dentist for the prevention of infection or pain in conjunction with a dental procedure.

When a Member is issued a prescription for a Prescription Drug and/or Related Supply as part of the rendering of Emergency Services and a Participating Pharmacy cannot reasonably fill such prescription, such prescription will be covered by Healthplan, subject to the provisions of this Rider.

Coupons, Incentives and Other Communications

At various times, the Healthplan or its designee may send mailings to you or your Dependents or to your Physician that communicate a variety of messages, including information about Prescription Drug Products. These mailings may contain coupons or offers from pharmaceutical manufacturers that enable you or your Dependents, at your discretion, to purchase the described Prescription Drug Product at a discount or to obtain it at no charge. Pharmaceutical manufacturers may pay for and/or provide the content for these mailings. Only your Physician can determine whether a particular medication is appropriate for your medical condition. The Healthplan and its affiliates are not responsible in any way for any decision you make in connection with any coupon, incentive, or other offer you may receive from a pharmaceutical manufacturer or Physician.

If Healthplan determines that a Pharmacy, pharmaceutical manufacturer or other third party is or has waived, reduced, or forgiven any portion of the charges and/or any portion of Copayment and/or Deductible amount(s) you are required to pay for a Prescription Drug Product without Healthplan's express consent, then Healthplan in its sole discretion shall have the right to deny the payment of benefits in connection with the Prescription Drug Product, or reduce the benefits in proportion to the amount of the Copayment and/or Deductible amounts waived, forgiven or reduced, regardless of whether the Pharmacy, pharmaceutical manufacturer or other third party represents that you remain responsible for any amounts that the Agreement does not cover. In the exercise of that discretion, Healthplan shall have the right to require you to provide proof sufficient to Healthplan that you have made your required cost share payment(s) prior to the payment of any benefits by the plan.

For example, if you use a coupon provided by a pharmaceutical manufacturer or other third party that discounts the cost of a Prescription Drug or Related Supply, Healthplan may, in its sole discretion, reduce the benefits in proportion to the amount of the Copayment and/or Deductible amounts to which the value of the coupon has been applied by the Pharmacy or other third party, and/or exclude from accumulation toward any Deductible or Out-of-Pocket

Maximum the value of any coupon applied to any Copayment and/or Deductible you are required to pay.

Please refer to Section III. for a description of Prescription Drug Limitations.

III. Limitations

Each Prescription Order or refill shall be limited as follows:

- up to a consecutive thirty (30) day supply at a retail Participating Pharmacy and a ninety (90) day supply at a Designated 90 Day Retail Pharmacy, unless limited by the drug manufacturer's packaging; or
- up to a consecutive ninety (90) day supply at a mail order Participating Pharmacy, unless limited by the drug manufacturer's packaging; or
- a dosage and/or dispensing limit as determined by the P&T Committee.

Patient Requests Brand (Dispense as Written (DAW))

In the event a Member insists on: (i) a more expensive "name brand" drug where a "generic" drug would otherwise have been dispensed and where the patient's physician has deemed the generic drug to be an acceptable option for the patient, the Member shall be financially responsible for the amount by which the cost of the "name brand" drug exceeds the "generic" drug, plus the required Copayments; or (ii) a non-Prescription Drug list drug, the Member shall be financially responsible for the full cost of the non-Prescription Drug List drug. In the event the patient's physician determines that the generic drug is not an acceptable alternative for the patient (and indicates Dispensed as Written on the prescription), the Member will be responsible for the appropriate brand copay.

Cigna 90 Now CVS Pharmacy Network

The Cigna 90 Now CVS pharmacy program is comprised of a 90-day prescription drug benefit and a retail pharmacy network that includes a network of Participating Pharmacies that are contracted to fill 30-day supplies of Prescription Drugs and Related Supplies to Members and a subset of retail Participating Pharmacies – which are called Designated 90 Day Retail Pharmacies in this Agreement - that are contracted to fill 90-day supplies of Prescription Drugs and Related Supplies to Members. Members may also fill 90-day prescriptions through the mail order Participating Pharmacy. Members can locate a Designated 90 Day Retail Pharmacy that participates in the Cigna 90 Now CVS network by contacting Cigna at the number on the back of their identification card or on myCigna.com. The retail copayment

for a 90-day supply obtained at a Designated 90 Day Retail Pharmacy may be 2-3 times the 30-day retail copayment. This Copayment will be reflected in the Schedule.

Please refer to Section I. (Definition of "Prescription Drug List") for a description of Cigna HealthCare's Prior Authorization Process.

IV. Member Payments

Coverage for Prescription Drugs and Related Supplies is subject to a Copayment and Out-of-Pocket Maximum. In the event a Member's Copayment exceeds the retail cost of the Prescription Drug and/or Related Supplies the Member's Copayment will not exceed the pharmacy's usual and customary charge (also known as the "retail charge") for the Prescription Drug and/or Related Supplies.

- If two or more prescriptions or refills are dispensed at the same time, a Copayment must be paid for each prescription order or refill.
- When a treatment regimen contains more than one type of drug and the drugs are packaged together for the convenience of the Member, a Copayment will apply to each type of drug.

Under California law a pharmacist is permitted to dispense a partial fill of certain Schedule II controlled substances. When a partial fill of such a Schedule II controlled substance that is a covered prescription drug (oral, solid dosage form) is dispensed, the Member cost share for the partial fill will be prorated.

Please refer to the Prescription Drug Schedule of Copayments for the required Copayments and Out-of-Pocket Maximum.

V. Exclusions

Except as otherwise set forth in this Rider, coverage for Prescription Drugs and Related Supplies is subject to the exclusions and limitations set forth in the "Exclusions and Limitations" Section of the Agreement. In addition, any services or benefits related to Prescription Drugs and Related Supplies which are not described in this Supplemental Rider are excluded from coverage under the Agreement. By way of example, but not of limitation, the following are specifically excluded services and benefits:

1. Any drugs or medications available over the counter that do not require a prescription by federal or state law, and any drug or medication that has a chemical equivalent (i.e., same active ingredient and equivalent dosage) to an over the counter drug or medication other than insulin.

2. Any drugs that are experimental or investigational, within the meaning set forth in the Agreement.
3. Food and Drug Administration (FDA) approved prescription drugs used for purposes other than those approved by the FDA unless the drug is prescribed for the treatment of a life-threatening or chronic and seriously debilitating condition, the drug is Medically Necessary to treat that condition, and the drug has been recognized for treatment of that condition by one of the following: The American Medical Association Drug Evaluations; The American Hospital Formulary Service Drug Information; The United States Pharmacopeia Dispensing Information, Volume 1, "Drug Information for the Health Care Professional"; or two articles from major peer reviewed medical journals that present data supporting the proposed off-label use or uses as generally safe and effective unless there is clear and convincing contradictory evidence present in a major peer reviewed medical journal.
4. All newly FDA approved drugs, prior to review by the Pharmacy and Therapeutics committee unless deemed Medically Necessary by Healthplan Medical Director.
5. Any prescription and non-prescription supplies (such as ostomy supplies), devices, and appliances, except as covered in this Rider. Please refer to Definitions, Related Supplies, for covered supplies.
6. Any drugs used for treatment of sexual dysfunction, including, but not limited to erectile dysfunction, delayed ejaculation, anorgasmia and decreased libido.
7. Any prescription vitamins (other than prenatal vitamins), dietary supplements, and fluoride products.
8. Prescription drugs used for cosmetic purposes such as drugs used to reduce wrinkles, drugs to promote hair growth as well as drugs used to control perspiration and fade cream products.
9. Prescription smoking cessation products unless Medically Necessary.
10. Immunization agents, biological products for allergy immunization, biological sera, blood, blood plasma and other blood products or fractions and medications used for travel prophylaxis.
11. Replacement of Prescription Drugs due to loss or theft.
12. Drugs used to enhance athletic performance.
13. Drugs which are to be taken by or administered to a Member while the Member is a patient in a licensed hospital, skilled nursing facility, rest home or similar

institution which operates on its premises or allows to be operated on its premises a facility for dispensing pharmaceuticals.

14. Prescriptions more than one year from the original date of issue.

Supplemental Rider

This Supplemental Rider is a part of the Cigna HealthCare of California, Inc. Group Service Agreement ("the Agreement") and subject to all the terms, conditions and limitations contained therein. The following Dedicated Virtual Providers benefit is added to the Agreement.

Covered Services and Supplies

Dedicated Virtual Providers

Charges for the following services:

Charges for the delivery of medical and health-related consultations via secure telecommunications technologies, including telephones and internet, when delivered through a contracted medical provider. The Healthplan will cover diagnosis, consultation or treatment services delivered through virtual care to the same extent it covers services rendered through in-person contact.

Charges for the delivery of mental health and substance use disorder related services, consultations, and remote monitoring by dedicated virtual providers as appropriate through audio, video and secure internet-based technologies.

Supplemental Rider

This Supplemental Rider is a part of the Cigna HealthCare of California, Inc. Group Service Agreement ("the Agreement") and subject to all the terms, conditions and limitations contained therein. The following Convenience Care Clinics benefit is added to the Agreement.

Covered Services and Supplies

Convenience Care Clinics

The Healthplan covers Covered Services and Supplies rendered by contracted Convenience Care Clinics located in California. Convenience Care Clinics are staffed by nurse practitioners and physician assistants and offer customers convenient, professional walk-in care for common ailments and routine services. Convenience Care Clinics have extended hours and are located in or near easy-to-access, popular locations (pharmacies, grocery and free-standing locations) with or without appointment.

Supplemental Rider

This Supplemental Rider is a part of the Cigna HealthCare of California, Inc. Group Service Agreement ("the Agreement") and subject to all the terms, conditions and limitations contained therein. The following Outpatient Therapy Services benefit is added to the Agreement.

Covered Services and Supplies

Outpatient Therapy Services

Charges for the following therapy services:

Cognitive Therapy, Occupational Therapy, Osteopathic Manipulation, Physical Therapy, Pulmonary Rehabilitation, Speech Therapy

Charges for therapy services are covered when provided as part of a program of treatment.

Cardiac Rehabilitation

Charges for Phase II cardiac rehabilitation provided on an outpatient basis following diagnosis of a qualifying cardiac condition when Medically Necessary. Phase II is a Hospital-based outpatient program following an inpatient Hospital discharge. The Phase II program must be Physician directed with active treatment and EKG monitoring.

Phase III and Phase IV cardiac rehabilitation is not covered. Phase III follows Phase II and is generally conducted at a recreational facility primarily to maintain the patient's status achieved through Phases I and II. Phase IV is an advancement of Phase III which includes more active participation and weight training.

Chiropractic Care Services

Charges for diagnostic and treatment services utilized in an office setting by chiropractic Physicians. Chiropractic

treatment includes the conservative management of acute neuromusculoskeletal conditions through manipulation and ancillary physiological treatment rendered to specific joints to restore motion, reduce pain, and improve function.

Coverage is provided when Medically Necessary in the most medically appropriate setting to:

- Restore function (called "rehabilitative"):
 - To restore function that has been impaired or lost.
 - To reduce pain as a result of Illness, Injury, or loss of a body part.
- Improve, adapt or attain function (sometimes called "habilitative"):
 - To improve, adapt or attain function that has been impaired or was never achieved as a result of congenital abnormality (birth defect).
 - To improve, adapt or attain function that has been impaired or was never achieved because of mental health and substance use disorder conditions. Includes conditions such as autism and intellectual disability, or mental health and substance use disorder conditions that result in a developmental delay.

Coverage is provided as part of a program of treatment when the following criteria are met:

- The individual's condition has the potential to improve or is improving in response to therapy, and maximum improvement is yet to be attained.
- There is an expectation that the anticipated improvement is attainable in a reasonable and generally predictable period of time.
- The therapy is provided by, or under the direct supervision of, a licensed health care professional acting within the scope of the license.
- The therapy is Medically Necessary and medically appropriate for the diagnosed condition.

Coverage for occupational therapy is provided only for purposes of enabling individuals to perform the activities of daily living after an Illness or Injury or Sickness.

Therapy services that are not covered include:

- sensory integration therapy,
- treatment of dyslexia,
- maintenance or preventive treatment provided to prevent recurrence or to maintain the patient's current status,

- charges for Chiropractic Care Services not provided in an office setting, or
- vitamin therapy.

Coverage is administered according to the following: Multiple therapy services provided on the same day constitute one day of service for each therapy type.

Supplemental Rider

This Supplemental Rider is part of Cigna HealthCare of California, Inc. Agreement ("the Agreement") and subject to all of the terms, conditions and limitations contained therein. In consideration for an additional monthly fee incorporated into the Prepayment Fee, the following is added to the Agreement as a supplemental benefit to the "Services and Benefits" Section of the Agreement which provides services in connection with infertility.

Infertility Services

Any exclusions for Infertility Services shown in Section V. Exclusions and Limitations are hereby deleted and will not apply.

Services related to diagnosis of infertility and treatment of infertility once a condition of infertility has been diagnosed. Services include, but are not limited to: infertility injections and drugs which are administered or provided by the Participating Provider or provided under the Supplemental Prescription Drug Pharmacy Rider; approved surgeries and other therapeutic procedures that have been demonstrated in existing peer-reviewed, evidence-based, scientific literature to have reasonable likelihood of resulting in pregnancy; laboratory tests; sperm washing or preparation; diagnostic evaluations; artificial insemination; gamete intrafallopian transfer (GIFT); in vitro fertilization (IVF); zygote intrafallopian transfer (ZIFT); and the services of an embryologist.

Infertility is defined as the presence of a demonstrated condition recognized by a Physician and surgeon as a cause of infertility; or the inability to conceive a pregnancy or to carry a pregnancy to a live birth after a year or more of regular sexual relations without conception.

This benefit includes diagnosis and treatment of both male and female infertility. However, the following are specifically excluded infertility services:

- reversal of male or female voluntary sterilization;

- infertility services when the infertility is caused by or related to voluntary sterilization;
- donor charges and services;
- cryopreservation of donor sperm and eggs; and
- any experimental, investigational or unproven infertility procedures or therapies.

ERISA Required Information

The name of the Plan is:

Chapman University Health Welfare Plan

The name, address, ZIP code and business telephone number of the sponsor of the Plan is:

Chapman University
One University Drive
Orange, CA 92866
714-997-6686

Employer Identification
Number (EIN)

951643992

Plan Number

501

The name, address, ZIP code and business telephone number of the Plan Administrator is:

Employer named above

The name, address and ZIP code of the person designated as agent for the service of legal process is:

Employer named above (May be Plan trustee, if any; or Plan Administrator.)

The office designated to consider the appeal of denied claims is:

Cigna HealthCare of California, Inc.
National Appeal Unit
Post Office Box 2125
Glendale, CA 91209-2125

Healthplan toll free number is on your Cigna HealthCare ID card

The cost of the Plan is funded by contributions from the Employer and/or Members:

The Plan's fiscal year ends on 12/31.

The preceding pages set forth the eligibility requirements and benefits provided for you under this Plan.

Plan Trustees

A list of any Trustees of the Plan, which includes name, title and address, is available upon request from the Plan Administrator.

Plan Type

The Plan is a healthcare benefit plan.

Collective Bargaining Agreement

You may contact the Plan Administrator to determine whether the Plan is maintained pursuant to one or more collective bargaining agreements and if a particular Employer is a sponsor. A copy is available for examination from the Plan Administrator upon written request.

Discretionary Authority

The Plan Administrator delegates to the Healthplan the discretionary authority to interpret and apply plan terms and to make factual determinations in connection with its review of claims under the plan. Such discretionary authority is intended to include, but not limited to, the determination of the eligibility of persons desiring to enroll in or claim benefits under the plan, the determination of whether a person is entitled to benefits under the plan, and the computation of any and all benefit payments. The Plan Administrator also delegates to the Healthplan the discretionary authority to perform a full and fair review, as required by ERISA, of each claim denial which has been appealed by the claimant or his duly authorized representative.

Plan Modification, Amendment and Termination

The Employer as Plan Sponsor reserves the right to, at any time, change or terminate benefits under the Plan, to change or terminate the eligibility of classes of Employees to be covered by the Plan, to amend or eliminate any other plan term or condition, and to terminate the whole plan or any part of it. The procedure by which benefits may be changed or terminated, by which the eligibility of classes of Employees may be changed or terminated, or by which part or all of the Plan may be terminated, is contained in the Employer's Plan Document, which is available for inspection and copying from the Plan Administrator designated by the Employer. No consent of any participant is required to terminate, modify, amend or change the Plan.

Termination of the Plan together With termination of the insurance policy(s) which funds the Plan benefits will have no adverse effect on any benefits to be paid under the policy(s) for any covered medical expenses incurred prior to the date that policy(s) terminates. Likewise, any extension of benefits under the policy(s) due to your or your Dependent's total

disability which began prior to and has continued beyond the date the policy(s) terminates will not be affected by the Plan termination. Rights to purchase limited amounts of life and medical insurance to replace part of the benefits lost because the policy(s) terminated may arise under the terms of the policy(s). A subsequent Plan termination will not affect the extension of benefits and rights under the policy(s).

Your coverage under the Plan's insurance policy(s) will end on the earliest of the following dates:

- the last day of the calendar month in which you leave Active Service;
- the date you are no longer in an eligible class;
- if the Plan is contributory, the date you cease to contribute, or;
- the date the policy(s) terminates.

See your Plan Administrator to determine if any extension of benefits or rights are available to you or your Dependents under this policy(s). No extension of benefits or rights will be available solely because the Plan terminates.

Statement of Rights

As a participant in the plan you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA provides that all plan participants shall be entitled to:

Receive Information About Your Plan and Benefits

- examine, without charge, at the Plan Administrators office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Pension and Welfare Benefit Administration.
- obtain, upon written request to the Plan Administrator, copies of documents governing the plan, including insurance contracts and collective-bargaining agreements, and a copy of the latest annual report (Form 5500 Series) and updated Summary Plan Description. The administrator may make a reasonable charge for the copies.
- receive a summary of the plan's annual financial report. The Plan Administrator is required by law to furnish each participant with a copy of this summary annual report.

Continue Group Health Plan Coverage

- continue health care coverage for yourself, spouse or Dependents if there is a loss of coverage under the plan as a result of a qualifying event. You or your Dependents may have to pay for such coverage. Review this Summary Plan Description and the documents governing the plan on the rules governing your federal continuation coverage rights.
- reduction or elimination of exclusionary periods of coverage for preexisting conditions under your group health plan, if you have creditable coverage from another plan. You should be provided a certificate of creditable coverage, free of charge, from your group health plan or health insurance issuer when you lose coverage under the plan, when you become entitled to elect federal continuation coverage, when your federal continuation coverage ceases, if you request it before losing coverage, or if you request it up to 24 months after losing coverage. Without evidence of creditable coverage, you may be subject to a pre-existing condition exclusion for 12 months (18 months for late enrollees) after your enrollment date in your coverage.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for plan participants ERISA imposes duties upon the people responsible for the operation of the Employee benefit plan. The people who operate your plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of you and other plan participants and beneficiaries. No one, including your Employer, your union, or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA. If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules. Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay you up to \$110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored in whole or in part, you may file suit in a state or federal court.

Enforce Your Rights

In addition, if you disagree with the plan's decision or lack thereof concerning the qualified status of a domestic relations order or a medical child support order, you may file suit in federal court. If it should happen that plan fiduciaries misuse the plan's money, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a federal court. The court will decide who should pay court costs and legal fees. If you are successful the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.

Claim Determination Procedures Under ERISA

The following complies with federal law effective July 1, 2002. Provisions of the laws of your state may supersede.

Procedures Regarding Medical Necessity Determinations

In general, health services and benefits must be medically necessary to be covered under the plan. The procedures for determining medical necessity vary, according to the type of service or benefit requested, and the type of health plan. Medical necessity determinations are made on either a preservice, concurrent, or postservice basis, as described below:

Certain services require prior authorization in order to be covered. This prior authorization is called a "preservice medical necessity determination." The Agreement describes who is responsible for obtaining this review. You or your authorized representative (typically, your health care provider) must request medical necessity determinations according to the procedures described below, in the Agreement, and in your provider's network participation documents as applicable.

When services or benefits are determined to be not medically necessary, you or your representative will receive a written description of the adverse determination, and may appeal the determination. Appeal procedures are described in the Agreement, in your provider's network participation documents, and in the determination notices.

Preservice Medical Necessity Determinations

When you or your representative request a required medical necessity determination prior to care, the Healthplan shall notify you or your representative of the determination within 15 days after receiving the request. However, if more time is needed due to matters beyond the Healthplan's control, the

Healthplan will notify you or your representative within 15 days after receiving your request. This notice will include the date a determination can be expected, which will be no more than 30 days after receipt of the request. If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and you or your representative must provide the specified information to the Healthplan within 45 days after receiving the notice. The determination period will be suspended on the date the Healthplan sends such a notice of missing information, and the determination period will resume on the date you or your representative responds to the notice.

If the determination periods above would (a) seriously jeopardize your life or health, your ability to regain maximum function, or (b) in the opinion of a Physician with knowledge of your health condition, cause you severe pain which cannot be managed without the requested services, the Healthplan will make the preservice determination on an expedited basis. The Healthplan Physician reviewer, in consultation with the treating Physician, will decide if an expedited appeal is necessary. The Healthplan will notify you or your representative of an expedited determination within 72 hours after receiving the request. However, if necessary information is missing from the request, the Healthplan will notify you or your representative within 24 hours after receiving the request to specify what information is needed. You or your representative must provide the specified information to the Healthplan within 48 hours after receiving the notice. The Healthplan will notify you or your representative of the expedited benefit determination within 48 hours after you or your representative responds to the notice. Expedited determinations may be provided orally, followed within 3 days by written or electronic notification.

If you or your representative fails to follow the Healthplan's procedures for requesting a required preservice medical necessity determination, the Healthplan will notify you or your representative of the failure and describe the proper procedures for filing within five days (or 24 hours, if an expedited determination is required, as described above) after receiving the request. This notice may be provided orally, unless you or your representative requests written notification.

Concurrent Medical Necessity Determinations

When an ongoing course of treatment has been approved for you and you wish to extend the approval, you or your representative must request a required concurrent medical necessity determination at least 24 hours prior to the expiration of the approved period of time or number of

treatments. When you or your representative requests such a determination, the Healthplan will notify you or your representative of the determination within 24 hours after receiving the request.

Postservice Medical Necessity Determinations

When you or your representative requests a medical necessity determination after services have been rendered, the Healthplan will notify you or your representative of the determination within 30 days after receiving the request. However, if more time is needed to make a determination due to matters beyond the Healthplan's control the Healthplan will notify you or your representative within 30 days after receiving the request. This notice will include the date a determination can be expected, which will be no more than 45 days after receipt of the request.

If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and you or your representative must provide the specified information to the Healthplan within 45 days after receiving the notice. The determination period will be suspended on the date the Healthplan sends such a notice of missing information, and the determination period will resume on the date you or your representative responds to the notice.

Notice of Adverse Determination

Every notice of an adverse benefit determination will be provided in writing or electronically, and will include all of the following that pertain to the determination: (1) the specific reason or reasons for the adverse determination; (2) reference to the specific plan provisions on which the determination is based; (3) a description of any additional material or information necessary to perfect the claim and an explanation of why such material or information is necessary; (4) a description of the plan's review procedures and the time limits applicable, including a statement of a claimant's rights to bring a civil action under section 502(a) of ERISA following an adverse benefit determination on appeal; (5) upon request and free of charge, a copy of any internal rule, guideline, protocol or other similar criterion that was relied upon in making the adverse determination regarding your claim, and an explanation of the scientific or clinical judgment for a determination that is based on a medical necessity, experimental treatment or other similar exclusion or limit; (6) in the case of a claim involving urgent care, a description of the expedited review process applicable to such claim.

Assistance with Your Questions

If you have any questions about your plan, you should contact the Plan Administrator. If you have any questions about this

statement or about your rights under ERISA, or if you need assistance in obtaining documents from the Plan Administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in your telephone directory or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington, D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration. The Healthplan will provide administrative services of the following nature: Claim Administration; Cost Containment; Financial; Banking and Billing Administration. Benefits provided under this Agreement are fully guaranteed by the Healthplan. This Agreement is issued by the Healthplan.
