## Room selection for students without roommates

Students who attend Panther Housing Selection without a roommate group are eligible to select into any available room layout and available space, regardless of the listed group size or configuration.

Students should be aware that selecting into multi-occupancy units will result in being in a shared apartment with other individuals who select into the apartment. However, this provides students an opportunity to meet new people and build community.

We encourage students to review room configurations and occupancy details in advance, so they can choose housing options that aligns with their living style and preferences.
