

Message from the Director

Welcome to the Center for Undergraduate Excellence! CUE supports Chapman University's goal of providing personalized education by promoting and facilitating student-faculty mentored and collaborative research, scholarship, and creative endeavors.

The Center for Undergraduate Excellence is the first stop and the central hub for undergraduate students from all disciplines to learn about and engage in undergraduate research and creativity activity and discover the wide range of prestigious external scholarships. We can help you find research and funding opportunities, assist with fellowship applications, and provide undergraduate research workshops. Whether you are a first-year student, a senior, a recent alum, or a faculty mentor, the Center for Undergraduate Excellence has something for you!

Chapman's Center for Undergraduate Excellence is an active partner with several national and international organizations that support undergraduate research and prestigious scholarships, including the [Council on Undergraduate Research \(CUR\)](#), [National Association of Fellowship Advisors \(NAFA\)](#), and [National Collegiate Honors Council](#).

If you have any questions or comments, I would love to hear from you! Feel free to e-mail me at cue@chapman.edu

Julye Bidmead, Ph.D.

Director, Center for Undergraduate Excellence
