Preserving and Providing the Best Religion Data and Resources

The Best Religion Data. Always Free to Access.

Browse over 1,340 data files archived on the ARDA including international surveys, US Church membership data, and US surveys of the general population, religious groups, or other subgroups.

Membership Reports

Explore interactive congregational membership reports with maps and charts for states, counties, and metro areas.

Religion Census

Download the 2020 or earlier iterations of the US Religion Census at the country or state levels.

National Profiles

Examine the religious composition and multiple social and political measures for hundreds of nations and dozens of regions.

Other Resources for Researchers and Educators

Teaching Resources

The ARDA provides several interactive teaching resources designed to enhance research skills and religion knowledge. These resources assist educators and students in their understanding of religion data, histories, and contexts.

Ahead of the Trend

Each month, Dr. Ryan Burge, author and political scientist at Eastern Illinois University, publishes two columns highlighting the latest news in religion research. Articles include some of today's most notable questions on religion and culture, all drawing on religion data available on the ARDA.
