

*The BFA in Art prepares students for a professional career in the field of contemporary visual art, with an emphasis on interdisciplinary practice. Graduates will be cultural producers fluent in the technical, theoretical and professional components of a 21st Century artistic practice. Graduates will be prepared to compete in the field of visual art, where they may make their contribution as artists, curators, critics, gallerists or teachers.*

The first year Foundational Coursework provides strong studio instructions in the formal and technical concepts that are the basis for a diverse artistic practice. Students take courses in a range of media, learning fundamental and innovative studio techniques. With a strong emphasis in visual literacy, students are taught how to constructively engage in critique of peer work, to express themselves visually, verbally and in writing, and are given the tools to excel at their craft. Students then begin their training in advanced art practices, art criticism and theory, curating and the business of art. Upper division coursework offers a creative rigor that addresses current issues in contemporary art and draws from galleries and museums. Students will be required to coordinate art events for the wider community, giving them scholarly and organizational experience unique to the program. Students are also required to take courses in critical and cultural studies, art history, and a course in contemporary gallery practices.

(THREE CLASSES)  
MAY DOUBLE COUNT**

■ double counts for AI credit  
■ double counts for SI credit  
■ double counts for VI credit

■ double counts for GC credit  
■ double counts for CC credit

## General Education Program Inter/Multidisciplinary Cluster

Students complete a total of 12 units in a course cluster outside their designated degree program or major. Students who complete a second major or a minor fulfill this part of the GE program.

The Inter/Multidisciplinary Cluster provides students an opportunity to explore an area of interest from an inter/multidisciplinary focus: four related courses outside the student's designated degree program or major. At least two courses in the cluster must be upper division.

### Arts and Humanities

Religion and the Arts  
Histories and Religions: Judaism, Christianity, Islam  
Comparative World Religions  
Global Ethics and Communication  
Ethics  
Philosophy, Knowledge, and Reality  
Culture of the Classical World
