## Notes:

1) All new first years are required to complete a First-year Foundations Course [FFC 100] in their first year of enrollment. It is recommended you enroll in this class in your first semester as a larger number of course sections and topics are available in the fall semester.

2) When you see “GE” listed above, that means you can choose a General Education (GE) class from ANY GE category – it’s your choice!
   In general, the following GE areas are recommended to begin/complete during the first year:
   - **GE Language Study (strongly recommended)**
   - GE Written Inquiry
   - GE Quantitative Inquiry

Note: Some GE courses may “double count” with your major or minor. Visit www.chapman.edu/GEto review the GE policies and see a list of approved courses for each GE area.

3) In their first semester, students typically take 12-15 credits (most classes are 3 credits; those with labs are 4). 12 credits are required to be in full-time status.

4) First year students who place into Math 100/L (Learning and Studying Mathematics for Understanding I, with a required lab component) are required to take Math in their first term. For more information, visit http://www.chapman.edu/intro-math.

5) Take one of the below PHIL courses. *Contact department during Spring semester to enroll in 300 level PHIL courses if applicable.*
   - PHIL 101 Introduction to Philosophy (not a prerequisite)
   - PHIL 102 Philosophy through Science Fiction
   - PHIL 104 Introduction to Ethics
   - PHIL 120 Global Ethics and Religion (same as REL 120)
   - PHIL 125 Philosophy of Religion (same as REL 125)
   - PHIL 203 Logic*
     
     *If you are planning to go to law school, it is highly recommended that you take PHIL 300: Symbolic Logic before taking the LSAT; so you might want to wait and fulfill the logic requirement by taking 300 instead of 203*
