Notes:

1) All new first year students are required to complete a First-Year Foundations Course [FFC 100] in their first year of enrollment. It is recommended you enroll in this class in your first semester as a larger number of course sections and topics are available in the fall semester.

2) When you see “GE” listed above, that means you can choose a General Education (GE) class from ANY GE category – it’s your choice!
   In general, the following GE areas are recommended to begin/complete during the first year:
   • GE Language Study (strongly recommended)
   • GE Written Inquiry
   • GE Quantitative Inquiry
   
   Note: Some GE courses may “double count” with your major or minor. Visit [www.chapman.edu/GE](http://www.chapman.edu/GE) to review the GE policies and see a list of approved courses for each GE area.

3) In their first semester, students typically take 12-15 credits (most classes are 3 credits; those with labs are 4). 12 credits are required to be in full-time status.

4) First year students who place into Math 100/L ([Learning and Studying Mathematics for Understanding I](http://chapman.edu/intro-math), with a required lab component) are required to take Math in their first term. For more information, visit [chapman.edu/intro-math](http://chapman.edu/intro-math).

5) It is recommended that students take PRA 230 and/or PRA 231 their first semester. If you are unable to get into either or both of these, the department recommends taking COM 210B Theories of Persuasion for Non-Majors or PRA 271 Storytelling for Business (as an elective). Both PRA 230 and PRA 231 are also offered Spring semester and one or both may be taken in the Spring, if needed.

6) ENG 103 is strongly recommended as a GE course selection and it also serves as a prerequisite for PRA 371 Writing for Public Relations.

7) FTV 140L is the “lab” component course that must be taken with the FTV 140 lecture.
