**Notes:**

1) All new freshmen are required to complete a First-year Foundations Course [FFC 100] in their first year of enrollment. It is recommended you enroll in this class in your first semester as a larger number of course sections and topics are available in the fall semester.

2) When you see “GE” listed above, that means you can choose a General Education (GE) class from ANY GE category – it’s your choice!
   In general, the following GE areas are recommended to begin/complete during the first year:
   - GE Language Study (strongly recommended)
   - GE Written Inquiry
   - GE Quantitative Inquiry

3) In their first semester, students typically take 12-15 credits (most classes are 3 credits; those with labs are 4). 12 credits are required to be in full-time status.

4) First year students who place into Math 100/L (Learning and Studying Mathematics for Understanding I, with a required lab component) are required to take Math in their first term. For more information, visit [http://www.chapman.edu/intro-math](http://www.chapman.edu/intro-math).

5) Use the “Exploratory Courses for Chapman University Majors” document to identify 100-200 level courses that are part of the majors you are interested in exploring.

---

**Important Supplemental Information for Undeclared Majors found on Page 2**
Sample Schedules for Select Majors and Areas of Study:

- If there is a particular major you are interested in pursuing, please return to the suggested “First Year Courses” to review that major.

- Please note for the fall semester, some classes are reserved for majors only.
