III. Old Business
   a. Veto Discussion
      i. Annabell Liao- I would rather come back with real numbers for the rest of the semester before reallocating funds for the time being. The amendment limits the powers and I think there could be another way of going about this.
      
      ii. Peter Scheinman- I did some number crunching and we are really only looking at a $70 plus or minus to the budget. By vetoing this you are causing the gridlock. As far as the emergency expenditure, if there needs to be one then all of executive council should be in agreement as well so it does not limit your power.
      
      iii. Annabell Liao- The reallocation mainly takes out of the President’s funds and I’m not sure if any of you realize that. The way emergency expenditures work right now is that 3 out of 4 people must agree and the amendment require the unanimous approval.
      
      iv. Peter Scheinman- What you said right now was different from what you said in the email. Your original issue was that we don’t have the numbers of enrollment, but now you’re upset that we took $2000 out of your fund.
      
      v. Joe DeCasperis- You said that you wanted Senate to make the decision, however last week when we discussed this we agreed and voted on it, but then you went and vetoed it. So I don’t understand what exactly you are saying.
vi. Kunal Sharma- You say that you shouldn’t have to get the other members of Executive council’s permission to fund certain things but you all are a team and you should not be going behind their backs when they are not here to defend themselves since we only got the email 15 minutes before meeting.

V. New Business
   a. Funding Request: B+ CUDM
      i. Total Requested: $1000
      ii. This event brings people together for 12 hours worth of fun and competition. All the money we get from tickets and from the sound auction will be donated. We are definitely expecting a higher attendance this year than last year because last year it was on a sunday and it fell on Mother’s day so it didn’t work out as well as we thought. Also we are changing how the event functions we will be having competitions for the first half and then at night we will have like a dance party that everyone is more interested in to come out on a Saturday night.
      iii. Motion to fund in full- Nicolette Burtis
          1. Second- Yasi Sanandaj
          2. Approve-16 Opposed- 0 Abstained-4

b. Funding Request: CU Dance Team
   i. Asking money for registration fees and tank tops for their Nationals
   ii. Amount we can fund because of our limit on clothing: $1510
   iii. Sarah Tabsh- I support this event and nationals is very important for the dancers and for them to make it to this level is a big accomplishment.
   iv. Motion to partially fund $1,510- Nico Scordakis
      1. Second- Ansley Wong
      2. Approval is Unanimous

c. Funding Request: QTPOC
   i. The Executive Board is reaching out to local colleges as well as surrounding high schools. Queer people don’t really feel comfortable going to a dance and nor do they have the opportunities to do so and this event will provide the safe and fun place for them.
   ii. Motion to fund in full $2057.57- Sarah Tabsh
      1. Second- Michelle Zhou
      2. Approve-18 Opposed-0 Abstained-2

d. Funding Request: Education & Ethic Studies Summit
   i. Total Requested: $3836.78
   ii. Ansley Wong- This summit is one of the biggest thing in our college and I attended it last year and this is such a wonderful event and I will be attending it again this year.
   iii. Motion to fund in full- Sarah Tabsh
      1. Second- Alexander Ballard
2. Approved-17 Opposed-0 Abstained-3
e. Diversity Affairs Committee Town Hall Funding Request* check presentation
   i. Total Requested: $68.91
   ii. Sarah Tabsh - We discussed these topics during next step and I am glad that the conversation will be continuing with these events.
   iii. Kunal Sharma - I suggest to reach out to other organizations to let them know this is happening
   iv. Motion to fund in full - Yasi Sanandaj
      1. Second - Michelle
      2. Approved-17 Opposed- Abstained-3
f. Wilsontron Updates: Senator Scordakis
   i. Sarah Tabsh - Why do you want to change the Wilsontron?
      1. Nico Scordakis - In my opinion, it is probably the most un-aesthetically pleasing thing on campus. Just by having a new one would improve our advertising and it would definitely benefit the athletic department as well.
   ii. Juliane Corpus - What was the quote form three years ago?
      1. Nico Scordakis - 300,000 was the quote and it is probably extremely inflated by now.
   iii. Peter Scheinman - This is something the University should be funding because it is their responsibility.
   iv. Jerry Hu - Even if we fund $10,000 or less that would be 3% of the cost and I don’t think we should fund this at all.
   v. Mitchell Rosenberg - It seems as though as long as the logistics are worked out that this is something you should pursue with the University.
g. VPO Proposals
   i. Annabell Liao - I’m looking for feedback on the new VPO dorms going in by Crean.
   ii. Joe DeCasperis - I think those dorms should have stoves because the meal plans are expensive due to Sodexo.
   iii. Alexander Ballard - I’m personally in favor of having more dining options because it’ll also benefit the students in Dodge and the dance studio who can’t make it all the way to main campus before their next class.
   iv. Annabell Liao - There are many logistics that we will have to look at before any decisions are made.
   v. Justice Crudup - If dorms are going to be made by Crean then we should look into the proposal of using Pantherbucks or declining balance in the Orange circle that way the students have more food options. Also parking will become a bigger problem if dorms are placed there.
   vi. Joe DeCasperis - If freshman were placed there then there would be a need for a cafeteria or they would have to walk all the way to these dorms, which would then separate them from the rest of the community.
   vii. Soft Poll in favor of Freshman dining options - 9 for, 11 against
   viii. Soft Poll in favor Stoves but no dining options - 3 for, 17 against

iii. Sarah Tabsh- Chapman loves aesthetics so if we want a sign this is what we have to work with.

iv. Motion to fund $226.84- Sarah Tabsh
