III. New Business  
   a. Director of Justice Nomination  
      i. Nominee: Tyler Ferrari  
      ii. Jackie Palacios: What makes you think you are qualified for this position?  
         1. Tyler Ferrari: I am very passionate about advocating for students and I am here to help interpret the documents and come up with fair and just decisions regarding SGA. Serving on the review board has provided me with such experience and that is why I think I am qualified for this position.  
      iii. Sarah Tabsh: Why did you never join SGA?  
         1. Tyler Ferrari: I never joined SGA by running for senate because I was never really interested in the politics nor policy making. However as the Director of Justice, the job is to merely read and interpret the documents and then enforcing them. It’s not policy making, it’s just enforcing it and that’s what I find appealing and am passionate about.

   d. Funding Request: Digital Arts Club  
      i. Total Requested: $698.21  
      ii. Mitchell Rosenberg: This event would happen after a screening and the food is the set price from Sodexo and we cannot change that because it is required to get food through Sodexo.  
      iii. Alyssa Nowlen: The only issue I have with it is because they have put on
this event multiple times and still have not found ways to fund themselves, even though it is a great event.

iv. Ansley Wong: This is a great event and I think we should fund this.

v. Motion to fund in full: Antonio De Pinho

f. Funding Request: Underground Experimental Zine
   i. Total Requested: $50
   ii. Matthew Ghan: This request was not brought to us with the 2 weeks ahead of time that is set in our documents and therefore we should not break the rules for them.
   iii. Ansley Wong: We have overlooked the rules the entire semester of the 2 week deadline before the event and if you are going to start abiding by the rules then we should do it every single time and not just on a case by case basis.
   iv. Ian Policarpio: We have only overlooked the rules in extenuating circumstances and I don’t think this is a reasonable excuse.
   v. Jackie Palacios: We do have to look at it in a case by case basis but I do think we should show that we support them and fund this.
   vi. Corey Snyder: I think it’s important to follow the rules and not break them because then we can get students coming back not following the rules because we have bent them in the past.
   vii. Courtney Wong: I think we should fund this because it seems as though the person submitting this application is a first timer at this and therefore may not have known about our rules and how to submit it. If we shut them down it would show that we don’t support them in expressing themselves in a different way.
