IV. New Business
a. Funding Request: Chabad
   i. This was tabled two weeks ago.
      1. Requested $2400 – partial funding.
         a. Changed from 10 students to 6 students.
   ii. Mitchell Rosenberg: What makes you guys think this event is worth funding?
      1. Tyler Brooks: The itinerary appeared like an actual conference to me, it was not until I looked at the website this morning that I felt more concern.
      2. Nicole Katz: This event has been funded in the past and has new speakers each year and it seems like an enriching experience for students.
   iii. Mitchell Rosenberg: What are they bringing back to the bigger Chapman Community? From the websites information and from the itinerary, it does not seem like they are bringing back as much as other conferences we have funded.
      1. Tyler Brooks: The representative from our allocation meeting stressed the importance of networking within your own religion.
      2. Corey Snyder: To speak to the merit of this conference, I would like to say that Jewish people are a minority on this campus and this is a great way for Jewish students to interact with one another and build a better sense of identity/community.
   iv. Jackie Palacios: I would like to have had a conversation regarding what these students plan to bring back to the greater Chapman community.
   v. Motion to fund in partial for $2400
      1. Motion: Summer Khatib
      2. 2nd: Abby Tan
      3. APPROVED

b. Funding Request: Pralle Water Refilling Station
   i. Nicole Katz: There has been a built consensus that the water bottle refilling station is something that a lot of residences in Pralle do want.
      1. One-time cost for SGA
      2. SGA does not pay for installation
         a. Funding would be for filters 2 filters, 2 dispensers
            i. $1008.50
               1. Two sets of refill filters
               2. Two dispensers
   ii. Mitchell Rosenberg: Why do you think SGA should be funding this rather than facilities, management or the administration?
   iii. Saba Amid: I think there should be more conversation regarding funding. It should not be our job to provide water for students.
      1. Tyler Brooks: I agree, and possibly even looking for a co-sponsorship with res-life.
iv. Corey Snyder: I think if this is something that people have been wanting for a long time now, rather than continuing to push this down the line and continuing to talk about it, we should fund it. She has come up with a plan that is functional and solves the issue.
   1. Tyler Brooks: I agree but I would like to at least see a conversation take place regarding funding, due to the chance that we could receive funding from somewhere else.

v. Motion to table this request
   1. Motion: Saba Amid
   2. 2nd: Summer Khatib
   3. Approved

V. Open Forum
   a. Vegan Day Budget:
      i. Request $777.88
         1. Max Chang: Are there any updates on the survey?
            1. I am currently working on the survey and did not want to bring it up to senate again. We can discuss this at a later time.
         2. Saba Amid: I am not sure how I feel about funding this much food. Are we sure there will over 350+ people there for food? I think the primary point of this event is to gage the feedback regarding the food options, and it seems as if the way this is being marketed is going off topic.
         3. Abby Tan: I do not feel that we need all this food if the purpose is data gathering.
            a. Jackie Palacios: I am using the food to attract people to collect data.
         4. Mitchell Rosenberg: I think food is important, but we should cut it down. I suggest Senate suggest a budget, and then the committee can decide what food they want to keep and how to spend the money.
      ii. Motion to fund in partial for $494.80
         1. Motion: Saba Amid
         2. 2nd: Lindsey Ellis
         3. APPROVED
   b. Self-Design Minor
      i. Representative: I am basically here asking for partnership with SGA. I would love to table in the piazza and raise student interest for initiating a self-design minor.
      ii. Mitchell Rosenberg: Do we have any student interest in the minor? I understand that gaining student interest is the goal but has any been shown thus far?
         1. Representative: The committee is led by students, that are primarily freshmen and sophomore who know they will have time to complete this minor. So yes, there has been student interest.
      iii. Saba Amid: I think you are in a time crunch for trying to get this out, so I think pushing for having this ready in the spring and marketing this to the next class of incoming freshman would be very beneficial.
   c. Jackie Palacios: Is this something we can bring up in office hours, on social media? Is this something we would want to promote?
      i. Max Chang: Yes, this is definitely something SGA could promote.
d. Lindsey Ellis: I know you are trying to create a video, but I think a graphic would be more effective in reaching a larger audience.

VI. Announcements
   a. Arianna Ngnomire: Monthly reports are due next week.
      i. Work on sending transition notes, screenshots of emails.
   b. Max Chang: Take your shirts if you ordered one.
