I. Call to Order  
   a. Roll Call  
   b. Approval of Minutes  
      i. Motion- Sarah Tabsh  
      ii. Second- Joe DeCasperis  
      iii. Unanimous  
   c. Approval of Agenda  
      i. Motion- Alex Ballard  
      ii. Second- Zacharias Estrada  
      iii. Unanimous  
   d. Address Guests  
   e. Recognition  
      i. Ana Vincenti recognized everyone because we are all very excited and happy representing SGA.  
      ii. Sarah Tabsh recognized the academic affairs committee because they had such a great meeting and everyone is working hard on their advocacies.  

II. Old Business  
III. Committee Reports  
   a. University Affairs Committee  
      i. Alex Ballard: was notified by Mackenzie Crigger, sustainability manager, that the only feasible residence life location, Pralle-Sodaro, would not be ADA compliant after installation. After receiving complaints, Ballard is meeting with professors to hear about their issues with IS&T.  
      ii. Victoria Bohush: Senator Bohush and Senator Field had a productive meeting with IS&T. After IS&T approves the portal, the developer will create it.  
      iii. Joseph DeCasperis: contacted the library, after hearing from students as well as Senator Zhou, about issues with the Lewis Family Lounge outlet access. The library quickly responded, and he is now looking into solutions. DeCasperis also discovered that after months of emails to Facilities, the out of date elevator signage now has temporary permits. They've been out of date for 21 months now!  
      iv. Zacharias Estrada: met with the theatre department chair about the maximum amount of credits students in CoPA can take. Estrada is also drafting a survey for commuter students and is looking to possibly hold a commuter town hall.  
      v. Mitchell Rosenberg: scheduled a meeting to discuss print credits for student organizations next week with Senator Vincenti. Rosenberg also has a meeting with Jack Raubolt, vice president of community relations, as well as Eric Cameron, general manager of Sodexo, to discuss PantherBucks and other alternatives in the circle.  
   b. Academic Affairs Committee  
      i. Michelle Zhou: Will meet with Dean of Leatherby libraries next week, going to ask about statistics that were shared, and the process in which they were recorded. 230 responses on Leatherby libraries survey!
ii. Yasi Sanandaj: Contacted Mike Kaiser, was referred to Kenneth Muray: director of campus design, campus planning and operations. Will meet with him at Crean atrium to plan for getting new furniture at Crean. Crean newsletter, officially selected 5 members. Chief editor is Eugenia Lee, and graphic design editor Ashely Ramos to get trained by Dean Hill to use program.

iii. Judy Weng: Meeting with Dean of Leatherby Libraries about classroom advocacy next week.

iv. Ansley Wong: Modified advocacy to focus more on GE programs. Contacted Elliott regarding adding the topic of GEs to his committee’s town hall. Went to IES faculty meeting earlier today, felt they very supportive. Was approached by some constituents inquiring about newsletter for CES.

v. Sarah Tabsh: Still collecting responses for textbook survey, thus far 220 have completed it with promising numbers. Meeting with Dean of Leatherby Libraries next week with Michelle, Judy and executive council.

c. Diversity Affairs Committee

i. Daryl Zhao: Room proposals for the Cross-Cultural Center to be finalized next Monday. Preparing for the meeting with the Chapman Diversity Response Committee this Friday.

ii. Juliane Corpus: Button Pronouns this Thursday Oct. 27. Next project is Pansexual Pancake Day. She is assisting Michelle gather statistics on library access during finals.

iii. Jerry Hu: Met Sherri Maeda of Res Life and discussed his advocacies. She will advocate on his advocacies, which include water filling stations. Jerry sent her a proposal. Pralle dorm can have bottle refilling stations. The Diversity Affairs Committee will have a lunch meeting with Struppa and only Diversity Affairs will be able to fit in the luncheon room.

iv. Dorcas Hoi: Having a conversation with CES faculty on faculty and student diversity training. Talking with Dr. Allen to see what safe space training looks like for students and faculty. Emailed Leti from CCE about what diversity training faculty go through. Ansley and Dorcas will attend the CES Faculty meeting to get their presence out.

v. Imani Woodley: Emailed IS&T and waiting for their response on phone screens. Imani went to Black Student Union and discussed: Diversity in staff of the Student Psychological Service Center Disability services is understaffed. Looking into a conversation with them.

d. Community Outreach Committee

e. Allocations and Internal Affairs Committee

i. Megan Taban: Creating course outlines for potential interdisciplinary minors within Wilkinson College with Senator Ballard

ii. Peter Scheinman: Planning to go to business office, seeing extreme difficulty with meeting with business office personnel.

iii. Ana Vincenti: In contact with Dean Price and Chris - We need to find an effective way of communicating between faculty and Sodexo. Mitchell and Ana will be coming up with a new program with ISNT for student organization printing credits. AF303 in contact with different student organizations to survey what sort of supplied they would like to see.

f. Outside Committees
   i. Ansley Wong is a part of UAC and they would like more student representative in their meeting. Six students of SGA will be attending one of their events as well.
   ii. Sarah Tabsh went to the Socioeconomic Stratification Committee and they are looking into more diversity on campus and predicts that the Latino Community on campus will be more profound over the next five years.

IV. New Business
   a. Budget Proposal
      i. Overview of the current budget numbers and where the money is allocated to. The numbers are based off of our past records and we always tend to spend everything we have. There isn’t a lot left unallocated at the end of the year.
      ii. Motion to approve the budget- Peter Scheinman
         1. Second- Joe DeCasperis
         2. Approve-21 Opposed-0 Abstained-2
   b. Funding Request: Chapman on Broadway
      i. Total Requested: $1297.60
      ii. This amount is only for the rights, not for the show.
      iii. Victoria Bohush- I have been apart of Chapman on Broadway and it is so much fun, it brings together people across campus, not just theater majors, and they have done more large-scale events, and this event is relatively on a smaller-scale so I think we should fund this in full.
      iv. Zacharias Estrada- they are specifically asking for the funding for the rights to the show, and they cannot have the event without our funding, it is a great event so I do recommend funding this.
      v. Motion to fund in full- Peter Scheinman
         1. Second- Juliane Corpus
         2. Approve-21 Opposed- 0 Abstained-2
   c. Funding Request: Chapman Equestrian UCSD Horse Show
      i. Joe DeCasperis- I think this is really great because not only does Chapman support this club, but they have also gone out and found outside funding.
      ii. Megan Taban- it maximizes their potential at nationals and improves their chances at becoming a Division 3 sport here at Chapman.
      iii. Ana Vincenti- I really like the event and I am supportive of funding it.
      iv. Sarah Tabsh- Their event doesn’t take place until December, so I think it is fair to ask them to come for us to ask them more questions.
      v. Motion to table- Victoria Bohush
         1. Second- Zacharias Estrada
         2. Approved-20 Opposed-1 Abstained-2
   d. Funding Request: Citizen’s Climate Congressional Education Day Conference
      i. Total Requested: $5,000
      ii. Sarah Weinous- Our costs have gone up because it has been 17 days since we have submitted the application.
      iii. Juliane Corpus- It is not their fault that costs have gone up and I really appreciate how well organized the application is and I fully support funding this.
iv. Zacharias Estrada- I think this conference will be beneficial for their future careers and to bring their knowledge back to Chapman.

v. Alex Ballard- For them to have an opportunity like this is fantastic and I want to fund this in full.

vi. Motion to fund in full- Michelle Zhou
   1. Second- Alex Ballard
   2. Approved-18 Opposed-0 Abstained-5

V. Open Forum
   a. Mike Keyser: Skyfactor Survey
      i. SAAS: this survey would help SGA because the information gained would help figure out where on campus needs some improvement. We could use this survey to compare to other schools to see how we match up or fall below other universities standards. If SGA partners with Student Engagement, you would all have access to all the information.
      ii. Mitchell Rosenberg- We would essentially pay for 50% and the other departments would be responsible for the rest.
      iii. Mike Keyser- It would be up to 50% depending on how much the other departments have to fund it. Other departments would administer the survey and SGA would get all the data. The survey would be sent out by the research department. We could survey as many times we want, but we are focused on 3 different areas.
      iv. Yasi Sanandaj- I think this is very relevant for SGA and Chapman and the information could be extremely useful.

b. Laptops to go
   i. Ana Vincenti- SPSS is a software that isn’t included on the laptops to go and I think it should be because many students need it for class.
   ii. Zacharias Estrada- The laptops are also not well maintained.

c. Free printing for COPA
   i. Dodge students have free printing, but music students don’t have that luxury and many people overspend on printing sheet music. Music students should have a budget in order for this to be possible.

VI. Announcements
   a. Constitutional Review Committee Wednesdays 9pm

VII. Adjournment
   a. Motion- Jerry Hu
   b. Second- Nicolette Burtis
   c. Unanimous
