f. Outside Committees
   i. Saba Amid- Spoke with my outside committee about possibly providing 
      free menstrual products for women on campus. I will be bringing up this 
      topic during open forum.

IV. New Business
   a. Funding Request – House of the Arts
      i. Total Requested: $3475
      ii. The Purpose of House Of The Arts is to Showcase and create 
          opportunities for Chapman's Artists, Musicians, Photographers, Film 
          Students, and Fashion Designers. Our goal is to create an environment for 
          these artists to promote their work while the attending students get to see 
          and appreciate all the talent that Chapman has to offer.
iii. Maytal Sarafian- Thank you for looking at outside sources to fund this event and we appreciate it. This event is well thought out and it sounds like a great event.

iv. Jackie Palacios- This is a great event and they have done all their research. It’s great for all the artists on campus as well and I think we should fund it in full.

v. Motion to fund in full- Antonio De Pinho
   1. Second- Jackie Palacios
   2. Approve- 14 Oppose-0 Abstain-0

b. Funding Request – COPA Co-Sponsorship
i. Total Requested: $4500

ii. We are producing Branden Jacobs-Jenkins’s APPROPRIATE this fall as an opportunity to examine historic and present day acts of racism and antisemitism as a common part of the experience of what it is to be American, and to explore and address prejudice in our community and campus contexts. In the context of recent acts of hate and violence that have occurred across the nation, APPROPRIATE seems more pressing, and these conversations more urgent, than ever before. We asked the playwright to come to Chapman for a workshop and discussion with the students and community.

iii. The price might be higher due to the fact that the guest is now flying here, but any cost over the $9000 we will cover, we are only asking SGA for $4500. However if SGA decides fund a drastically lower amount than the $4500, we can’t afford it and we would have to cancel the event.

iv. Wil Harris- The allocations committee recommended to deny the request because we were unsure of how it benefit the Chapman community as a whole.

v. Matthew Ghan- I didn’t think that student funds should be going towards items such as executive cars which would be what we are paying for. Also it would only target a small amount of students and it is a lot of money to spend. It is very exclusive and I don’t think SGA should fund this.

vi. Alyssa Nowlen- I do understand that it wouldn’t target many students and it is a lot of money but I do think it is important to support a co-sponsorship.

vii. Wil Harris- It’s important to remember that SGA last year always wanted to save the money for a rainy day and not fund certain things due to wanting to fund other things in the future. However, it is first come first serve and we do have plenty of money to fund this.

viii. Sarah Tabsh- I am disappointing in hearing from you all that since COPA is a smaller school we shouldn’t have to fund that much towards it. We have the money to fund it and this is an award-winning playwright and that has merit and it will benefit the students even though some of us aren’t as interested in theater as others.

ix. Alyssa Nowlen- We should be looking at the merit of the event and the students that it will benefit.

x. Motion to fund in partial $3950- Maytal Sarafian
   1. Second- Ian Policarpio
   2. Approve- 10 Oppose-3 Abstain-2
c. Kwikboost Charging Station Renewal
   i. Total Requested: $199
   ii. This grandfathers your product(s) into our lifetime warranty plan and provides another year of service plan coverage. In addition to the warranty on the technology, the service plan covers unlimited cables, Kwikswap turnaround for service and more.
   iii. Motion to fund in full- Antonio De Pinho
       1. Second- Lisa Kang
       2. Approve-13 Oppose-1 Abstain-0

V. Open Forum
   a. Feminine Product Resolution
      i. Saba Amid- Erin Mason and I met with Advisory Women’s Advisory Group to see about proposing free feminine products for students and I was wondering if we could get some feedback on the letter that we will be sending to administration. Machines in restrooms are not properly stocked when products are purchased. I would hope that SGA could possibly either sign the letter or come up with our own resolution. We will be reaching out to more organizations as well to get more support.
   
   b. Maytal Sarafian- Met with Communication and Perceptions Task Force and there was a survey done in which it was found out that some professors feel uncomfortable expressing their political opinion after the previous election.
      i. Ian Policarpio- Since SGA represents the students, and this involves faculty then this issue should be taken to Faculty Senate. I do believe that everyone should express their political opinion but we do have to recognize the line of respect that goes with it.
      ii. Saba Amid- Yes I agree that this should be addressed in Faculty Senate, however these issues do trickle down to the students and how it effects us. We should encourage political diversity and respect for other opinions without conflict occurring.

   c. Chapman Grand housing
      i. Alexander Ballard- The university has just purchased the new apartments which was great however, the issue I had with it was the fact that they are now requiring freshman and sophomores to live on campus. This change happened without any information given to the students.
      ii. Sarah Tabsh- Students can justify and petition for off-campus living within a certain radius.
      iii. Alysa Buckler- With all the other costs such as meal plans, I think it is unfair to force students to live on campus rather than just given the option. It sometimes a lot cheaper for off campus housing versus on campus housing.

VI. Announcements
   a. Office Hours in from of Smith Hall next week!
