IV. New Business
   a. Funding Request – Delta Tau Delta
      i. Total Request: $2,052
      ii. The 2018 Western Pacific Division Conference for the Delta Tau Delta Fraternity is a tremendous opportunity for our members to learn invaluable information and skills that is applicable to not only fraternity life, but our daily lives as leaders on and off campus. The Conference, taking Place in Boise, Idaho, consists of two full days of educational seminars where
members will be taught leadership skills and practice to encourage attendees to develop into thoughtful, leading men. In addition to these workshops, the conference will allow members of our chapter to both network and develop lifelong relationships with members from chapters scattered across the western states. These two aspects of Division Conference make it an extremely valuable tool for the continued development of the fraternity. We are asking to cover transportation and lodging for the conference.

iii. Corey Snyder: Does your National Fraternity offer any funds for these conferences?
   1. Guest: They do but only for summer programs and activities and during the academic year they do not.

iv. Tyler Brooks: I think we should only fund the executive board members because we have done that in the past. We should send only those who have not already been to the conference.

v. Jackie Palacios: SGA has sent people on conferences who have gone in the past and has still proven to be beneficial to those people.

vi. Alyssa Nowlen: We are very big on organizations being able to be self-sufficient so I wanted to ask if your treasurer is now going to budget for cases like this where you do need to travel further.
   1. Guest: Yes, we are looking to be more aware of the possibility and have more of a cushion in case this were to happen again.

vii. Motion to fund in full- Maytal Sarafian
   1. Second- Alyssa Nowlen
   2. Approve-9 Oppose-3 Abstain-1

b. Funding Request – Chapman on Broadway
   i. Total Requested: $1,966.24
   ii. Saba Amid: Have we actually gotten any money back from the organizations who made profits from their event?
      1. Corey Synder: Yes, last year we did receive their profits from their event. The other events that we funded with that stipulation this year, have not happened yet.
   iii. Mitchell Rosenberg: I am actually unmoved from their letter in the request, it has typos and very brief. It doesn’t seem like they put in any effort. Also, they did not send a representative so I recommend tabling until we can speak with them about it.
   iv. Motion to table: Jackie Palacios
      1. Second- Erin Mason
      2. Approve-23 Oppose-0 Abstain-0

c. Funding Request – RLFYE Language Tables (Co-Sponsorship)
   i. Total Requested: $1350
   ii. The Language Tables Program is intended for students to be able to come and share a meal in Randall Dining Hall while improving their language skills.
   iii. Mitchell Rosenberg- I think you should look at the merit of the event. More and more student have been attending this event every year. Also, it would be really good for SGA to have a part in this so I don’t think we should waive the requirement of our logo being on the flyers.
   iv. Motion to fund in full- Antonio
