IV. New Business
   a. Funding Request: FPV Club
      • Requesting $2,079.00
      • Allocations Recommendation: To fund in partial.
      1. Purpose: To get into the hobby of flying first person FPV drones.
         a. Rep: Once the members pay their dues ($30) this will be able to sustain the club.
      2. Alan Nguyen: How many drones are you requesting?
         a. Rep: We are requesting 9 drones I believe.
      3. Gabriella Corsino: Are people in the club putting their own money into this club, or how will this be funded?
         a. Rep: After the members pay their dues, the club will be funded by this money. I also have put a subsequent amount of money into this hobby in the past few years, so this will help getting us started.
      4. Saba Amid: Why is this being recommended to fund in partial?
a. Ishani Patel: We did not know if the quantity of drones was equivalent to the number of members in the club. Let’s say they have 5 members; 9 drones would be a lot.
b. Saba Amid: Knowing there are 21 members I think, from a personal standpoint, that 9 drones for 21 members is very fair.
c. Ishani Patel: Yes, knowing the amount of people in the club I would feel comfortable recommending we fund this in full.

5. Summer Khatib: How will this affect the Chapman Community?
a. Rep: We do plan on having events where those not in the club can test out the drones and use them.
b. Motion to fund in full for $2,079.00

b. Jacky Dang: Update on the statement?
   • Saba Amid: Yes! A lot has happened this week. If you want to help, please let me know. We as SGA want to release a statement reinforcing the fact that we as SGA support diversity in all ways.
   • Karmen Pantoja: Determine the difference between freedom of speech and hate speech. Will there be committee members to work on updating this?
      1. Jacky Dang: I am having my internal committee work on this, as well as getting involved with faculty, and administration.
c. Karmen Pantoja: Students have approached me in regard to spacing?
   1. Abby Tan: I am aware of this issue, encourage them to reserve Henley Basement far in advance although it has not yet opened and also look at other bigger rooms on campus such as BK 404 or AF 209.
d. Cocoa and Conversation
   1. Summer Khatib: I think we need to use this as a means to facilitate discussion, and the cup needs to come secondary as a thank you.
   2. There is no set structure that dictates how we have to have our Town Hall is the same idea.
   3. I would like to bring what’s the issue back to SGA as a central focus. We have got a lot of our initiative ideas from this in the past, and it is something that has always worked for us.
   • Philip Goodrich: As far as creating a committee how does that work?
      1. This is separate than our other internal committees.
