IV. New Business
   a. Funding Request: Kappa Alpha Pi
      • Alex Ballard: I am here on behalf of KAPi to request funding for a law school tour over Spring break. We are doing a similar tour this year as we did last school year, but this time around we are going to be touring schools in New York and we are taking 10 students rather than 6 students. This trip serves an opportunity to many students to visit schools they may have not previously considered and allows us as a chapter and a university to build a better relationship with these other schools, and allows our future members and peers to benefit from that.
         1. We are hoping to bring back all this information to the Chapman community, especially KAPi members.
         2. 1 Abstention
         3. 6 Approval
   b. Press Release Update
      • Comments or concerns?
1. Karmen Pantoja: The wording of External or Internal person should be clarified, we do not know so this should be clarified on the press release.

2. Harrison Lam: We are signing this because we want the student body to know that we do not support the recent actions, and that it is through our organization that we can provide you with resources.

3. Summer Khatib: Maybe rather than specify where the groups are from, make the statement more ambiguous.

4. Gabriella Corsino: Maybe you can add my committee as one of the resources.

5. Saba Amid: We want to keep out of the crossfire, because they want us to get involved so we want to keep this rather ambiguous for our safety as a group.

6. Jacky Dang: I want to be able to voice what the students are thinking, that is why I was elected to this position and why I want to be in student government.
   a. Saba Amid: Jacky I fully support everything you do, but I do not think it is our place as of right now to put our names out there as a resource as we are not properly trained.

7. Abby Tan: If you read this press release it is not about action, it is about disassociating from whatever is going on and letting them know that we as an organization do not condone any of this, and are here to provide them with the correct resources.

8. Karmen Pantoja: Is it possible to make the statement earlier next time?
   a. Saba Amid: The reason we waited is because active information was still coming in, and sometimes we need to wait for administration. I would rather it be quality than try and get something out as soon as possible.

V. Open Forum
   a. Jacky Dang: If we can prove that students are missing class or being very emotionally affected by the recent events on campus regarding hate speech, we want to bring this data back to Dean Price and hopefully get some changes made to our policy on campus.
      • The long-term goal of this is the policy change.
   b. Summer Khatib: I would suggest working with a professor who collects data for the most successful results.
   c. Nelly Rouzrouch: I wanted thoughts and feedback on SGA having a presence at the Farmer’s Market.
      • Saba Amid: My only thing is I want to make sure that when SGA is out and about, that it is not just a place for people to go and complain. You should tread lightly, and make sure SGA has a presence in the community. The point should be to have conversation, and to let the residents of
Orange know they have somewhere to go if they need something. We need that the positive presence.

d. Karmen Pantoja: I want to work on spacing here on campus, so if you have any ideas on where there is open space or where there is a potential for open space please let me know and send me your ideas.

e. Philip Goodrich: Saba and Abby, can you update me on your health initiative?
   • Saba Amid: There are not a lot of updates, because we are currently in the development phase of this. So, we will come to you with updates when we have more tangible content.

f. Summer Khatib: This election was amazing! I still have my full budget left as well, so I plan to make the Spring even bigger and have more marketing as well.
   1. Let me know if you have any ideas!
