I. Call to Order
   a. Roll Call
      i. Absent: Amanda Moore
      ii. Late: Setareh Motamedi
   b. Approval of Minutes
      i. Motion- Emmi Schlaefer
      ii. Second- Priya Patel
      iii. Unanimous
   c. Approval of Agenda
      i. Motion- Skylar Goss
      ii. Second- Mia Baybayan
      iii. Unanimous
   d. Address Guests
   e. Recognition
      i. Gracie Truex recognizes Mia Baybayan and Adam Breunig for the laptop rental kiosk being installed.

II. Old Business
   a. Committee Bylaw Changes
      i. Motion to approve- Mia Baybayan
      ii. Second- Veda Bhambhani
      iii. Approved- 25 Opposed-0 Abstained-1
   b. Elections Code Amendment
      i. Mia Baybayan-Change the complaint form into an Orgsync form that way it will be more accessible to everyone who may have a complaint during elections.
      ii. Adam Breunig- It doesn’t matter how the complaints are collected but if the Director of Elections have a standard response for them then that will work.
      iii. Setareh Motamedi- the issue that I have with the changes is that students don’t need to fill out a form and send an email because if a student has a serious complaint then they should see no reason not to fill out the form.
      iv. Priya Patel- it might be a bit difficult to advertise the form to fill out and it might be easier to just send an email, so why can’t the standard response from the director of elections could include the form and asking if they would like to go through with the complaint and if they do, then they should fill out the form and send it back.
      v. Madisen Dewey- the problem isn’t the form, the problem is publicizing the form and making it known that this specific form that needs to be used to file a complaint.
      vi. Adam Breunig- I think that this is something for the elections committee to work on.
      vii. Move to table- James Hart
         1. Second- Christopher Nelson
         2. Unanimous

III. Committee Reports
a. Student Life Committee
   i. No meeting this week, but will meet this Sunday.

b. Campus Inclusion Committee
   i. No meeting this week, but will meet this Sunday.

c. Academic Affairs Committee
   i. Amanda Moore: reached out to Dr. Lambert of the Disabilities Minor to see how she could help promote the minor. She will speak with Kayla Wiechert about tabling dates for Academic Integrity week.
   ii. Priya Patel has received 162 responses on her Study Space Survey. Of the 162, 75% are unsatisfied with study space on campus, 72% prefer to study individually, and the 3 areas in the library which students wish to see greater availability are individual cubbies, communal tables, and collaborative study rooms.
   iii. Skylar Goss: is still trying to contact Ken Murai, head of Facilities Management to get approval for the charging station installation. He should be receiving a response by the end of the week.
   iv. Setareh Motamedi: will be filming student interviews with Leon Lukić. They are gathering student testimonials of experiences in the classroom regarding diversity.

d. Allocations Committee
   i. Emma Cronshaw: working with Austin Kernan and have met with Seth Young regarding SPCS and in the following weeks they are meeting meeting with Strupa and Mrs. Walker regarding allocating more funds to the SPCS for the next fiscal year.
   ii. Kunal Sharma: is working with Pammie Wong regarding lowering fixed laundry costs that Chapman has contracted with a third-party
   iii. Emily Miller: is continuing with working on the language requirement. She is also working with Amanda Moore to plan the next coffee with CES and is trying to improve it.
   iv. Rob Nelson: is still working with Eric Cameron, but has shifted his work towards publicizing the Party Packages that are already created that are hidden on the Sodexo site. He is working towards publishing this information both on the SGA website and on the Sodexo website, and sending this “secret menu” to clubs when they apply for funding.
   v. James Hart: is working on the Pub project by waiting for information from Fire and Life safety about their results from inspection of basement. He is also working towards holding focus groups for the Pub. This Friday he is also meeting with the Community Relations committee and will also be in City Council Meeting on Tuesday for voting on the city ordinance.

e. Outside Committee Reports
   i. Helen Garcia- Disabilities and Accessibilities met this week and found out that classrooms are not ADA approved and looking to have them audit classrooms this summer.

IV. New Business
   a. Baccalaureate Graduation – Funding Request
      i. Total Requested: $2,000
ii. Gracie Truex- I don’t think that this is our responsibility and I don’t understand why we should fund this when this should be funded by the University.

iii. The university will not fund it next year if we decide not to fund it this year.

iv. Ana Vincente- we could push the university to fund this in the future but they are only asking for a small amount of what the event is actually costing and I think we should fund it.

v. Mia Baybayan- SGA funded this in the past because we know it greatly benefits the students and they only asked for such a small portion of the actual cost of the event.

vi. Setareh Motamedi- I am upset that the university won’t fund this, but Faith is one of our pillars and I feel comfortable funding this in full.

vii. Motion to fund in full- Adam Breunig
    1. Second- Setareh Motamedi
    2. Approved- 25 Opposed-0 Abstained-1

b. Hair Musical – Funding Request
i. Christopher Nelson- I full support this event and I commend you for making it so diverse.

ii. Veda Bhambhani- will the money made from this go back to the organization for future shows?
    1. Adam Breunig- the money will be used to buy equipment that will be able to be used by any of the three organizations in the future.

iii. Emma Cronshaw- this is a pretty high amount of money and if there are any ways to reduce it that would be great

iv. Adam Breunig- the wigs may seem like a lot of money but they are standard wigs that will be re-styled by our stylist to fit the show that could be used for future productions

v. Veda Bhambhani- if you did end up buying equipment for future shows, where would it be stored?
    1. Adam Breunig- Either it will be on campus or at an off-campus facility.

vi. Move to fund this in full- Gracie Truex
    1. Second- Ana Vincente
    2. Approved-23 Opposed-1 Abstained-2

V. Open Forum
a. Tap and Go
i. Christopher Nelson- It is an app that works through Sodexo where you can have the restaurants on them and order food or drinks during class and it will be ready when you come out of class to pick it up. If you’d like to work with me on this I’d be happy to work with you.

b. Stationary Bike Desks
i. Gracie Truex- you can exercise and do homework at the same time.
    Research has shown that more information is retained when exercising at the same time. I would love to start to find more information and see if we could bring this to class.

   c. Madisen Dewey- possibly going paperless for SGA meetings instead of using all this paper that we have now.
i. Emma Cronshaw- possibly using our own laptops but putting on a program that locks everything except for SGA materials.

ii. James Hart- most androids work better for this sort of program.

d. Study Space

i. Setareh Motamedi- Priya Patel has been working on her study space survey and students are not satisfied with study space, but the places that they are dissatisfied with are places that can’t really be changed. Students from other colleges and high school students are using our computers and study space and we are going to ask students how they feel about this to see if we can change the library to be a private library.

ii. Adam Breunig- the problem isn’t that non-chapman students are using the study spaces, the issue is that there isn’t enough space for all of us and I don’t think that we should privatize our library.

iii. Priya Patel- we pay $45,000 and students are frustrated that they can’t find a place to study to further our education when non-chapman students are using our space. We might be able to put a password on the WiFi and it would deter students from other schools to study here; that way the library would still be open to the public.

iv. Veda Bhambhani- when we talk about doing what is best for the community, remember that they probably aren’t doing what is best for us. Having a university in a residential area is difficult and we are doing our best to be better, but the community doesn’t welcome us like we welcome them.

v. Setareh Motamedi- non-chapman students are a problem because they are taking up space that Chapman students could be using.

e. Skit

i. Emma Cronshaw- Skit is only open to Greek members Friday and Saturday. It is only open to the public at the matinee showing on Saturday afternoon. I feel very left out and excluded from this event and I don’t think it is fair.

ii. Mitchell Rosenberg- I think we need to push for is to be open in the future because this makes it an extremely exclusive organization and that shouldn’t be how it is.

VI. Announcements

VII. Adjournment
