

REGALIA DONATIONS

Support your fellow Panthers by
donating used graduation regalia!

REGALIA REUSE

The Office of Sustainability is accepting donations for their Regalia Reuse Program from alumni who graduated in or after the year 2020. This service provides graduates who can't afford new regalia with the opportunity to borrow used caps and gowns free of charge. It also offers a more sustainable option that reduces CO2 emissions from the production of new gowns. On average, graduation regalia is worn for only 90 minutes but can be used for 10 years. Help us increase our inventory by donating your used regalia today!
