Minor in Art History

The Minor in Art History is designed for students seeking a broad exposure to the arts as an integral part of their liberal arts degree. The program allows them to augment their major with a series of courses that explore the history of diverse visual traditions in world culture and introduce art history's interdisciplinary, theoretical, and methodological strategies.

Interdisciplinary study is an integral part of art historical practice and is highly encouraged in our program. Students may explore a range of topics, concerns and methodologies, from historical culture, formal analysis, and iconography, to material culture, social history, and gender studies. Students are also encouraged to take advantage of such exciting opportunities as study abroad courses and internships at one of the many museums, galleries, and arts related businesses (auction houses and galleries, art appraisers, conservation studios) in the Los Angeles and Orange County region.
